- 5.27.6 It shall be responsibility of Co-operative Society to ensure correct loading in the railway wagons. For the purpose, Co-operative Society shall deploy front end loader fitted with load cell displaying the quantum of loading.
- 5.27.7 In case it is found after weighment at railway weighbridge that some /entire wagons are underloaded/overloaded and for load adjustment the rake is pushed back to loading siding than shunting charges/any other charges , if any, claimed by railway shall be borne by the contractor.
- 5.27.8 After loading of the material in the wagons &/or weighment of wagons by railways, the Co-operative Society shall be responsible to level the same.
- 5.27.9 It shall be the responsibility of the Society to load the simultaneous/consecutive rakes, if placed and made available by railways at different sidings.

5.28 REMOVAL OF SPILLAGE WHILE LOADING AND TRANSPORTATION OF MATERIAL:

- 5.28.1 Removal of spillage occurring on account of truck loading at loading site, transportation of gitti from mines to railway siding, within the mines, on the public road upto the specified unloading point at railway siding Jaisalmer, shall have to be carried out by the Society.
- 5.28.2 Looking to railways safety the Co-operative Society shall be responsible for daily removal of Limestone that may have spilled over during loading of wagons from the railway track. In case the Co-operative Society fails to remove the mineral, the Company reserves the right to engage any other agency for this purpose and the charges paid to such agency shall be recovered from the Co-operative Society. The Co-operative Society shall ensure that the unloaded material does not spill over to the railway track or cause any jam. If a jam takes place on this account, the Co-operative Society shall be required to clear the same immediately. In case the Co-operative Society fails to clear the jam on rail track at siding as well as on public road from mines to railway siding then the Company may get such jam/spillage cleared through any other agency at the cost and expense of the Co-operative Society. Any penalty, if levied/charged by the Government Authorities like Railway etc on this account, will be the liability of the Co-operative Society.

5.29 QUALITY OF PRODUCTS, SERVICES, ETC.:

The Co-operative Society shall load /transport /unload and/or dispatch the particular material as specified after taking prior permission in writing from the Unit In-charge/officer-in charge of the Company or his authorized representative. In case any wrong material is transported/ loaded and/or dispatched to the wrong consignee or destination, then the Co-operative Society shall be responsible for any loss caused to the Company and it shall have to bear all such losses, including the cost of material i. e. Rs. 700/- per MT alongwith freight charges and any other claim(s).

5.30 DELIVERY OF MATERIAL & RECEIPT:

5.30.1 The time allowed for trucks/dumpers to reach from Sanu mine no.1 & 2 weigh bridge to destination Jaisalmer Railway siding is *one hour & forty-five minutes*. In case the trucks/dumpers do not reach the destination within the permissible time, the same will have to be separately unloaded at the place as directed by the Engineer in charge or any other authorised officer at the railway siding and **recovery @ Rs. 500/- per truck** shall be made and sampling and analysis of each truck/dumper will be done at Co-operative Society's cost.

5.30.2 The Co-operative Society shall have to deliver the material transported by him/them to the destination at Jaisalmer railway siding under intimation to the Engineer In-Charge/ any other authorised officer at the destination. The Co-operative Society shall have to obtain clear receipt of the material from the staff at destination and submit that with the bills. The Co-operative Society shall prepare a daily statement showing the tipper/dumpers details and weight at mines. This statement should be submitted to Engineer-In-Charge/ Officer authorised by him along with the bills. The bills not supported by such statements shall not be processed for payment.

5.31 ALLOTMENT OF AREA FOR WORK:

5.31.1 The co-operative society shall be required to work at the locations given by Engineer-In-Charge in case of loading/unloading at mines/ railway siding. The Engineer-In-Charge shall have a right to stop the work in any part of the area assigned to the co-operative society & asked the co-operative society to work in the alternative area. Decision of Engineer-in-charge shall be final & binding in this regard.

5.31.2 In case it is inevitable and mutually agreed upon shifting of work to other alternate area or stoppage etc. the Company in this regard shall entertain no claim for any damages/losses to the co-operative society.

5.32 SECURITY & WATCH AND WARD:

5.32.1 The Co-operative Society shall be responsible under the contract for safety, security, watch & ward etc., of the Company's properties under the possession of the Co-operative Society including, but not limited to, stocks of mineral & mineral products.

5.32.2 The Company shall carry out physical verification of the stocks of mineral & mineral products by Survey & other properties of the Company in possession of the Co-operative Society. Such physical verification shall be carried out first at the beginning

of the contract & lastly at the end of the Contract; and also during the contract period at least once in every year and at such shorter intervals as the Company may at its discretion decide. The Co-operative Society shall have associated his representatives during such physical verifications. Results of such physical verification shall be binding on the Co-operative Society.

- 5.32.3 The Society shall be responsible for the proper handling of the limestone gitti while in transit and for proper unloading/loading into railway wagons at the railway siding. They shall be liable to make good value of shortage, wastage, pilferage or damage to the limestone gitti in transit etc. on the basis of Rs. 700/- per MT. However handling loss up to maximum of 1% of the quantities transported from the mines shall be permissible. If the transportation losses are more than 1% then RSMML may recover the cost of limestone gitti @ Rs. 700/- per MT. No payment towards handling of such quantity of limestone would be payable for the excess loss.

Transit loss = (Closing Stock as per books-Actual Physical Closing Stock)/Qty transported from mines to railway siding (as per weight at Company's/notified weighbridge

- 5.32.4 For the quantity found short at the end of the Contract period, beyond permissible limit as per Clause 5.32.3, recovery for the whole of the quantity found short shall be effected immediately by the Company from the bills/ security of the Co-operative Society @ Rs.700/- per MT. Further, no remuneration shall be payable to the Co-operative Society for the short quantity for which recoveries are to be effected.

5.33 MAINTENANCE OF ROAD:

The approach / access road in the mine for approaching the trucks of the co operative society for loading of limestone gitti, up to stack yard & also at railway siding, wherever required, shall be maintained by the Co-operative society at its own cost and in accordance with the provisions of Mines Act.

Chapter –4
QUANTUM OF WORK, PERIOD OF CONTRACT, TIME SCHEDULE ETC.
COMPENSATION FOR DELAYS, SHORTFALL ETC.

5.34 APPROXIMATE QUANTITIES OF WORK INVOLVED:

Quantity of work per annum–24 (Twenty four) Lac MT with monthly tentative quantity of 2.00 lac.

Note: -

- (a) In case it is inevitable to reduce the quantum of work then no claim for any damages/losses to the co-operative society in this regard shall be entertained by the Company.
- (b) The quantity mentioned above may change depending upon the requirement of the company.
- (c) The work of transportation and wagon loading and other incidental work shall be carried out as per plan, time schedule and sequence of operation as per direction of the Engineer-In-Charge.
- (d) The company reserves the right to make any alteration/addition in the area for the contracted quantity as above including allotment of work in other alternate areas.
- (e) The Co-operative society shall have to abide by quarterly schedule of work.

5.35 WORK SCHEDULE.

5.35.1 The Co-operative Society shall have to abide by quarterly/ monthly schedule of work and targets, as mentioned in the tender document or as specified by the Officer Incharge/Engineer In charge from time to time. The OIC/EIC shall review daily, monthly & quarterly targets of execution as per requirements and limitations of the Company , as the case may be for sale and transport of Limestone Gitti to its customer destination.

5.35.2 **Variation in Quantity of work:**

The management reserves the right to vary the quantum of work up to $\pm 10\%$ of the total quantum of work or of any year during the currency of contract at its sole discretion and the Co-operative society will execute the work on same rate, terms and conditions. Advance notice of 15 days will be served for this.

In the event, quantum of work is required to be varied beyond the above mentioned tolerance limit, then the company will notify the same at least with 15 days notice to settle the matter mutually.

5.36 FAILURE TO LOAD/OVERLOADING :

- i. The rake loading shall have to be carried out within the prescribed time allowed by the railways for this purpose from time to time. Failure to load the rake within the allowed time and /or failure to load any wagons and/or overloading of wagon/s etc shall result in imposition of Demurrage and/or Detention charges and/or Forfeiture of deposit or all of them. All such charges, if imposed, shall be to the Co-operative society's account and shall have to be paid by it. In case the Railways penalizes, in any way, if the Demurrage charges etc. are not paid to the Railways on time then the same shall be recovered from the Co-operative society. In case the Co-operative society fails to load the rake within the prescribed allowed time and if the Railways charge freight on the rake on piece meal basis, then the liability of the excess freight will be borne by the Co-operative society.

- ii. If the Co-operative society fails to load the wagons placed by the railways for a consecutive period of 4 hours or more the Company shall have the right to engage any other agency at the cost and risk of the Co-operative society for the purpose and the difference in cost of making alternative arrangements for wagon loading, if any, shall be recovered from the Co-operative society. The Company may, at its discretion, also return wagons to railways and in such an eventuality demurrage, penalty, forfeiture charges etc., claimed by the railways shall be borne by the Co-operative society.
- iii. Any demurrage charges claimed by the railway authorities due to delay in correct loading of wagons w.r.t. the time allowed by the railways, shall be borne by the Co-operative society. Similarly forfeiture of indenting money, on account of the Co-operative society's failure to load, shall be debited to the Co-operative society's account.
- iv. In case the Co-operative society fails to complete the wagon loading work as specified in this tender document the Company will be entitled to recover in full the difference of cost, expenses etc., in making alternative arrangements for completion of the above said loading work through any other agency upto the quantity of work allotted to the Co-operative society, besides taking any other appropriate penal action.

5.37 ACTION TAKEN BY THE COMPANY IN CASE NON ACHIEVEMENT OF TRANSPORTATION AND/OR WAGON LOADING WORK AS PER THE TARGETS:

- (i) In case of failure to carry out the work or any part thereof as required or in cases of breakdown of the loader and/or failure to make alternate arrangements, the company shall have absolute right to get the work done by any other agency at the risk and costs of the co-operative society. In case of failure to load material for a continuous period of seven days, the co-operative society shall be responsible and liable for all consequences & costs thereof, including termination of the contract.
- (ii) In case of failure to commence the work within stipulated period then company may cancel the award of work, which has been made in favour of him, and EMD/SD will be forfeited.
- (iii) In case of **failure to perform the work** for a **continuous period of seven days** due to breakdown of machine or any other reason for which the co-operative society is responsible and/or in cases of frequent breakdowns of machine, the Company in its sole discretion without prejudice to other remedies may terminate the contract & shall be empowered to engage other outside agency, at the risk and cost of the co-operative society for execution of remaining part of work of the contract.
- (iv) In case at any time the performance of the Co-operative society is not found satisfactory, then the company will issue notice, giving seven (7) days to improve the same. If the Co-operative society fails to improve its performance within this period of seven days, then the Company may get the work done by other agency at the cost & risk of the Co-operative society without any further notice.

5.38 WORKING HOURS:

The work shall be carried out during such hours as may be directed by the company and may be round the clock. The permission of the Company shall not constitute acceptance of any financial and/or legal liabilities on the part of the company.

5.39 TIME SCHEDULE FOR:

Commencement of awarded work.

The Co-operative society has to commence the work within a period of Twenty one (21) days from the date of issue of Letter of Acceptance (LOA).

5.40 PERIOD OF CONTRACT:

5.40.1 The period of the contract shall be for **02 (TWO) years** from the date of issuance of the Letter of Acceptance (LOA). The co-operative society has to commence the work within a period of **Twenty one (21) days** from the date of issue of LOA/ letter of acceptance of the tender. The company may at its sole discretion extend the contract period for completion of the total tendered quantity on same rates, terms and conditions for a period not exceeding six months. Decision of the company in this regard shall be final and binding on the contractor. Further, the company shall not be liable to entertain any claim of whatsoever nature in this regard. This clause shall not in any way affect the operation of the compensation clause 5.41

5.40.2 The above period of Two years includes the period of twenty one (21) days allowed for mobilization. However, the Co-operative society shall use these days for doing necessary preparatory works and mobilization. The work shall be executed strictly as per time schedule by deploying adequate personnel, equipment, tools, tackles etc.

5.40.3 However, the company reserves the right of termination of contract at any time without assigning any reason by giving a clear notice of thirty days. Such termination shall not entitle the co-operative society for any claim whatsoever.

5.40.4 EXTENSION OF SCHEDULE COMPLETION TIME:

5.40.4.1 If the co-operative society shall desire an extension of time for completion of work on the grounds of his having been unavoidably hindered for reasons beyond his control in execution of work, he shall apply in writing to the Engineer-in-Charge within 10 days of the date of such event, and the Engineer Incharge shall, if in his opinion (which shall be final and binding on the Co-operative society) reasonable grounds exist, authorize such extension of time as may in his opinion be necessary or proper. Whenever the Company grants such extension, this would be without prejudice to the Company's right to take appropriate action under this contract and without additional financial liability on the company.

5.40.4.2 Failure or delay by the Company to hand over the necessary drawings and instructions, or any other delay by the Company due to any other cause, whatsoever shall in no way affect or vitiate the contract or alter the character thereof or entitle the Co-operative society to damage or compensation thereof, provided, however, that the Company without any financial liability may extend the time for completion of the work by such period as it may consider necessary or proper.

5.40.4.3 The decision of the company as to the need for grant of extension of time to the co-operative society shall be final

5.41 COMPENSATION FOR SHORT FALL IN THE TENDERED QUANTITY:

5.41.1 The Company will provide the specific targets on monthly basis. The Co-operative society shall have to handle the mineral in accordance with these targets. In case, the monthly targets are not given in writing to the co-operative society then the targets shall be assumed one twelfth of the total annual targeted quantity as mentioned in the contract or any other specified annual quantity given to the cooperative society in writing during the pendency of contract. The Co-operative Society will have to ensure that in case of any shortfall in a quarter, the same shall be made up in the next quarter. Company will be entitled for imposing a pre determined and agreed **compensation @ 20% of value of the actual short fall in quantity** in one quarter and retain it from the running bills of the contractor. The retained amount would be released, if the contractor makes up the short fall of that quarter in the immediate next quarter. Quantum of compensation shall be calculated considering the applicable remuneration payable during that period multiplied by actual short fall quantity. The compensation will be recovered by way of deduction from the running account bills payable to the co-operative society or any other amount due to the co-operative society. The review of executed quantity for the purpose of calculation of compensation shall be made by maintaining daily stock register for recording opening and closing balance of transported quantity, stock & dispatched quantity of Limestone Gitti at/from Railways siding by EIC/OIC. The annual reconciliation of levying / waiver of compensation on the basis of records of stock register shall be made by the company.

5.41.2 Besides above, failure of the Co-operative Society to work as per scheduled targets continuously for three quarters, the company will free to get the work done by making alternative arrangements at the risk and cost of the Co-operative Society and also to recover it the full difference of cost of making such alternative arrangements from the bills or security deposit

5.41.3 In case of failure to commence the work immediately after completion of mobilization period of 21 (Twenty one) days, without reasons to the satisfaction of the Engineer-in-charge, shall also make the co-operative society liable to pay compensation @ **0.5% of the annual contract value on weekly basis** will be recovered. The tendered qty. on pro-rata basis will be considered to calculate annual contract value. However, if the co-operative society completes the scheduled quantity for first year as shown above, within this one year period, the company at its sole discretion may consider the request of the co-operative society to refund/adjust the compensation so recovered for the late commencement of the full scale operations immediately after completion of stipulated period.

5.41.4 In case the Co-operative society fails to complete the entire work within scheduled time from the date of letter of acceptance/ DLOA of tender, it shall be liable to pay **1.5%** (one point five percent) of the total value of the contract as compensation in addition to the compensation mentioned at above para. (Value of contract shall be

calculated by multiplying applicable rate as on the scheduled date of completion of contract by that much of shortfall quantity with respect to the scheduled quantity of contract)

- 5.41.5 The said amount of Compensation shall be payable by the co-operative society to the company forthwith on first demand without any demur or protest and without there being any proof of the actual loss or damages caused such delay/breach. The company at its sole discretion shall be justified to adjust such damages against the security and/or running and/or final account bills or any sum due or will become due with the company on account of any work of the Co-operative society and the Co-operative society shall be bound by such decision of the Company. The above recoveries will be without prejudice to the other right and remedies available in the contract.
- 5.41.6 The shortfall of one quarter is to be made up in next immediate quarter, [the next immediate quarter is termed as second quarter for the purpose of understanding the clause].
- 5.41.7 In addition to above, if targeted /annual scheduled quantity is not achieved by the co-operative society due to any reason beyond the control of the co-operative society, the annual schedule may be modified and/or completion time may be extended by the company. Compensation for shortfall will be recovered based on such revised target. Decision of the company, whether a particular reason for failure to achieve the target is beyond the control of co-operative society, shall be final and binding on the co-operative society.
- 5.41.8 Over and above the Compensation on shortfall in execution of work, the company may at its sole discretion get the balance quantity of overall unexecuted work executed from any other agency at the risk and cost of the co-operative society and in that event, the company shall be entitled to recover from it the full difference of cost of making such alternative arrangements and/or forfeit the whole or such portion of the security deposit as it may consider fit.
- 5.41.9 The compensation so paid/and/or adjusted by the company shall not relieve the co-operative society from his/its obligations to complete the work under the contract or from any other obligations and liabilities under the contract.
- 5.41.10 The limits in quantity variation will not affect the application of compensation clause.

5.42 RIGHT TO REVIEW PERFORMANCE:

- 5.42.1 The company reserves the right to review and assess the performance of the work at any time during the contract period. In case of poor or unsatisfactory performance and/or breach of any terms and conditions of the contract, the company in its absolute right and discretion may take appropriate action including termination of the contract.
- 5.42.2 The company shall have absolute right to determine and ascertain the damages or losses suffered by it due to poor performance or breach of the terms and recover the costs thereof from the co-operative society from the security deposit or any sum due to the co-operative society from the company. The Company shall also have absolute right to get the work done from any other agency at the risk and cost of the co-operative society, in case, the co-operative society fails to perform the work continuously for more than 3 (three) days.

5.43 RISK & COST:

The company shall have full right to forfeit the whole security deposit and payment of other pending bills payable to the co-operative society for non fulfillment of the contractual obligations with regard to the transportation and/ or loading etc. (work) of specified quantity within the scheduled /specific time period. The work can be completed by engaging third party at the risk and cost of the co-operative society.

5.44 RECOVERY OF DEAD FREIGHT & PENAL FREIGHT:

5.44.1 Railway is having its own in-motion weighbridge at Jaisalmer railway station & each wagon of the rake is being weighed at Jaisalmer only. Thereafter, Certified RR is being issued from Jaisalmer station by Indian railways. In such condition, no penal freight shall be imposed. However, dead freight arising out of difference in chargeable weight and actual weight shall be recovered/deducted from running account bills of the Co-operative society.

5.44.2 In case, railway weighbridge at Jaisalmer is out of order and/or otherwise also; as a result thereof, railways may undertake the weighing of rake en-route or at destination. Under such circumstances some wagons may found overloaded, which may result imposition of penal freight. Thus, the penal freight levied by railways and other incidental expenses, if any, involved due to overloading of wagons will be deducted / recovered from running account bills of the Co-operative Society.

5.44.3 In case railway weighbridge at Jaisalmer is out of order and as a result thereof no weighing of rake is done then dead freight arising out of difference in quantity between RR chargeable weight and destination weight of respective steel plants/ customers and other incidental expenses, if any, will be debited to the Co-operative Society. However, the calculation of dead freight shall be done after adjusting short & excess quantity during the period of procurement cycle/or twelve (12) months of contract/ remaining period of contract period (whichever is applicable).

5.44.4 Wherever the dead freight is recovered from the society either due to less loading pointed out by railway weigh bridge at Jaisalmer or at destination weighbridge of steel plants, then apart from recovery of dead freight, no remuneration shall be payable on such less quantity of loading.

and covered by the contract rate or schedule of rate by the co-operative society. The co-operative society shall also obtain and pay for all permits or other privilege necessary to complete the work.

- 5.50.6 The schedule of rates or contract rate shall be deemed to include and cover the risk of all possibilities of delay and interference with the Co-operative society's conduct of work which occur from any cause including orders of the Company in the exercise of his/its powers and on account of extension of time granted due to various reasons and for all other possible or probable cause of delay/s in execution of this work by the co-operative society. The Co-operative society shall not be entitled to raise any claim and/or dispute on account of any rise in the price of oils, lubricants, tyres, tubes, spares, statutory or otherwise on any other ground or reason of accounts whatsoever.

5.51 BASIS OF PAYMENT:

The work of transportation and wagon loading is going on and the existing society is expected to leave some stock at railway siding at the time of expiry of its contract period, which will be the opening stock for this contract. Therefore the basis of payment shall be as follows;

5.51.1 Initial bill

- 5.51.1.1 Remuneration of item no. C and D of Clause 5.22.9, for the quantity of opening stock, subject to the loading of this quantity into railway wagons.
- 5.51.1.2 In case the quantity dispatched (from the siding) in this period is in excess to the quantity of opening stock, then the remuneration for the complete work done shall be payable, applicable to the such quantity only, which is equal to the quantity mentioned in the **RR minus** the quantity of opening stock.

5.51.2 Running bills

- 5.51.2.1 For payment of the work, actually performed as mentioned in item no. A of clause 5.22.9 i.e. loading of limestone by loader only, the weight of limestone, as recorded in the weighment statement at Co's weighbridge and/or Notified weighbridge, shall be considered for payment. No payment shall be made for the limestone loaded from hoppers through gravity loading.
- 5.51.2.2 For payment of the work mentioned in item no. B, C and D of clause 5.22.9, the actual/ permissible carrying capacity weight mentioned in the RR (as is applicable) shall be considered for the payment.
- 5.51.2.3 Deduction on account of the Dead freight/ penal freight, if any made by railway or customers, will be recovered from the current running bills.

5.51.3 Final bill

The payment of final bill for the actual quantity of work performed by the Society shall be made after closing of the contract subject to Clause 5.61. For the purpose of

assessment of actual quantity of work performed by the Society, following criterion shall be considered.

- 5.51.3.1 The remuneration for the work as per item no. B of Clause 5.22.9 shall be made for the quantity of actual physical closing stock as verified jointly in the manner as stated in clause 5.32.2. Any pending recovery as per Clause 5.32.3 shall also be made.
- 5.51.3.2 The remuneration for work done as per clause 5.22.9 (A, C, and D) shall be made on the basis of loaded quantities as computed vide clause no. 5.46.

5.52 ARRANGEMENT FOR DIESEL

The Co-operative society has to make its own arrangements for Diesel procurement and storage. The Co-operative society has to obtain requisite statutory permission/clearances from the respective Government Authorities, at its own cost. However, company may on the request of the co-operative society allot the land in the mine premises for purpose of installation of Diesel Dispensing Pump subject to the condition that the contractor shall use the Diesel from that DD pump exclusively for the purpose of the contract.

Diesel escalation/de-escalation shall be payable/ recoverable as per diesel escalation/de-escalation clause specified elsewhere in the tender.

5.53 TERMS OF PAYMENT (BILLING):

- 5.53.1 The Co-operative Society will be eligible to receive its remuneration (as per clause 5.22.9 and its notes) from the Company in respect of the complete work done by it as per details given in scope of work on monthly (calendar) basis for the work completed (wagon loaded would mean here work completed), within 15 days of receipt of their duly verified running account bill in triplicate for such quantity only as is actually dispatched from time to time. The co-operative society will also require to submit following details alongwith the bill as under:
 - 5.53.1.1 The bills should be supported with a daily statement of transportation carried out, as mentioned at clause 5.30 and/or Wagon loading statement date wise and RR wise details above and submit the same to the Engineer-In-Charge.

1. Correction of arithmetical errors

Provided that a Financial Bid is substantially responsive, the Procuring Entity will correct arithmetical errors during evaluation of Financial Bids on the following basis:

- i. if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Procuring Entity there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected.
- ii. if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- iii. if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (i) and (ii) above.

If the Bidder that submitted the lowest evaluated Bid does not accept the correction of errors, its Bid shall be disqualified and its Bid Security shall be forfeited or its Bid Securing Declaration shall be executed.

2. Procuring Entity's Right to Vary Quantities

- (i) At the time of award of contract, the quantity of Goods, works or services originally specified in the Bidding Document may be increased or decreased by a specified percentage, but such increase or decrease shall not exceed twenty percent, of the quantity specified in the Bidding Document. It shall be without any change in the unit prices or other terms and conditions of the Bid and the conditions of contract.
- (ii) If the Procuring Entity does not procure any subject matter of procurement or procures less than the quantity specified in the Bidding Document due to change in circumstances, the Bidder shall not be entitled for any claim or compensation except otherwise provided in the Conditions of Contract.
- (iii) In case of procurement of Goods or services, additional quantity may be procured by placing a repeat order on the rates and conditions of the original order. However, the additional quantity shall not be more than 25% of the value of Goods of the original contract and shall be within one month from the date of expiry of last supply. If the Supplier fails to do so, the Procuring Entity shall be free to arrange for the balance supply by limited Bidding or otherwise and the extra cost incurred shall be recovered from the supplier.
