4.1 Powers to determine the Contract

The Competent authority may without prejudice to his right against the contractor in respect of any delay or inferior workmanship or otherwise or to any claims for damage in respect of any breaches of the contractor and without prejudice to any rights or remedies under any of the provisions of this contract or otherwise and whether the date for completion has or has not elapsed, by notice in writing absolutely determine the contract in any of the following cases:-

- (i) If the contractor having been given by the Engineer-in-charge a notice in writing to rectify, reconstruct or replace any defective work or that the work is being performed in any inefficient or otherwise improper or unworkman-like manner, comply with the requirements of such notice a period of seven days thereafter or if the contractor shall delay or suspend the execution of the work so that either in the judgment of the competent authority he will be unable to secure completion of the work by the date for completion or he has already failed to complete the work by that date.

- (ii) If the contractor being a company shall pass a resolution or the court shall make an order that the company shall be wound up or if a receiver or a manager on behalf of a creditor shall be appointed or if circumstances shall arise which entitle the court or creditor to appoint a receiver or a manager or which entitle the or make winding up order.
- (iii) If the contractor commits breach of any of the terms and conditions of the contract.
- (iv) If the contractor commits any acts mentioned in clause related to subletting and when the contractor has made himself liable for action under any of the cases aforesaid, the competent authority on behalf of the RSMM shall have powers:-
 - (a) To determine and/or rescind the contract as aforesaid (*of which term in attention or rescission notice in writing to the contractor under the hand of the Engineer-in-charge shall be conclusive evidence*). Upon such determination or rescission, the security deposit of the contractor shall be liable to be forfeited and shall be absolutely at the disposal of the company.
 - (b) To employ labour paid by the company and to supply materials to carry out the works or part of the work debiting the contractor with the cost of the labour and the price of the materials (of the amount of which cost and price certified by the Engineer-in-charge shall be final and conclusive against the contractor) and crediting him with the value of the work done in all respects in the same manner and at the same rates as if it has been carried out by the contractor under the terms of his contract. The certificate of the Engineer-in-charge as to the value of the work done shall be final and conclusive against the contractor, provided always that action under the sub-clause shall only be taken after giving notice in writing to the contractor. Provided also that if the expenses incurred by the company are less than the amount payable to the contractor at his agreement rates, the difference should not be paid to the contractor.
 - (c) After giving notice to the contractor to measure up his work and to take such part thereof as shall be un-executed out of his hands and to give it to another contractor to complete, in which case any expenses which may be incurred in excess of sum which would have been paid to the original contractor if the whole work had been executed by him (of the amount of which the excess certificate in writing of the Engineer-in-charge shall be final and conclusive) shall be borne and paid by the original contractor and may be deducted from any money due to him by company under this contract or on any other account whatsoever or from his security deposit or the proceeds of sale thereof a sufficient part thereof as the case may be.

In the event of any one or more of the above course being adopted by the competent authority the contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchased or procured any material or entered into any engagements or made any advances on account of or with a view to the execution of the work or the performance of contract. And in case action is taken under any of the provision aforesaid the contractor shall not be entitled to recover or be paid any sum for any work thereof actually performed under this contract unless payable in respect thereof and he shall only be entitled to be paid the value so certified.

4.2 Time Extension

If the contractor shall desire an extension of the time for completion of the work in the grounds of his having been unavoidably hindered in its execution or any other grounds, he shall apply in writing to the Engineer-in-charge in that behalf within 30 days of the date of the hindrance on account of which he desired such extension as aforesaid and the competent authority shall if in his opinion (which shall be final & binding on the contractor) reasonable grounds be shown therefore authorize in writing such extension of time, if any as may in his opinion be necessary or proper. If the period of completion of contract expires before the expiry of the period of one month provided in this clause the application for extension shall be made before the expiry of the period stipulated for completion of the contract.

Failure or delay by the Company to hand over to the Contractor possession of the land necessary for the execution of the works, or to provide the necessary drawings and instructions, or any other delay by the Company due to any other cause, whatsoever shall in no way affect or vitiate the contract or alter the character thereof or entitle the Contractor to damages or compensation thereof, provided, however, that the Company without any financial liability may extend the time for completion of the work by such period as it may consider necessary or proper.

4.3 Completion Certificate

Within ten days of the completion of the work, contractor shall give notice of such completion to the Engineer-in-charge and within ten/thirty days on the receipt of such notice the Engineer-in-charge shall inspect the work and if there is no defect in the work shall furnish the contractor with in certificate of completion otherwise a provisional certificate of completion indicating defects (a) to be rectified by the contractor and or (b) for which payment will be made at reduced rates shall be issued, nor shall the work be considered to be completed until the contractor shall have removed from the premises on which the work shall be executed, all scaffolding, surplus materials, rubbish and all huts and sanitary arrangements required for his their work, People on the site in connection with the execution of the works as shall have been erected or constructed by the contractor and cleaned off the dirt from all wood work, doors, windows, walls, floors or other parts of any building, upon or about which the work is to be executed or of which he may have had possession for the purpose of execution thereof and not until the work shall have been measured by the Engineer-in-charge. If the contractor shall fail to comply with the requirements of this clause as to removal or scaffolding surplus materials and rubbish and all huts and sanitary arrangements as aforesaid and cleaning off dirt on or before the date fixed for the completion of the work, The Engineer-in-charge may at the expenses of the contractor remove such scaffolding surplus, materials and rubbish, etc. and dispose off the same as he thinks fit and clean off such dirt as aforesaid. The contractor shall have no claim in respect of any such scaffolding of surplus materials as aforesaid except for any sum actually realized by the sale thereof.

N.B. - Ten days will apply in the case of works at the headquarters of the Engineer-in-charge and thirty days will apply in case of work at a station other than the headquarters of the Engineer-in-charge.

4.4 Cleaning of premises included in completion

When the annual repair and maintenance work is carried out, the splashes and droppings from white washing, colour painting, etc. on walls, floors, doors, windows etc. shall be removed and the surface cleaned simultaneously, with the completion of these items of work in the individual rooms, quarters or premises etc. where the work is done without waiting for the actual completion of all other items of work in the contract. In case the contractor fails to comply with the requirements of this clause the Engineer-in-charge shall have the right to get this work done at the cost of the contractor either departmentally or through another agency. Before taking such action, the Engineer-in-charge shall give two days notice in writing to the contractor.

4.5 Payment of Bills

No payment shall be made for works estimated to cost less than Rupees One Thousand till after the whole but in the case of works estimates to cost more than Rupees One Thousand the contractor shall on submitting the bill thereof be entitled to receive a monthly payment proportionate to the part thereof then passed by the Engineer-in-charge. All such intermediate payment shall be regards as payments by way of advance against the final payment only and not as payments for work actually done and completed and shall not preclude the requiring of bad, unsound and imperfects or unskillful work to be removed and taken away and reconstructed or re-erected or be considered as an admission of the due performance of the contractor any part thereof in any respect of the accruing of any claim, not shall it conclude, determine, or effect in any way the powers of the Engineer-in-charge under these conditions or any of them as to the final settlement and adjustment of the account or otherwise the Engineer-in-charge's certificate of the measurements and of the total amount payable for the work accordingly shall be final and binding the contractor in all respect. The payment of final bill shall be made within 3 months of the submission of such bill. If there shall be any dispute about any items of work then the undisputed item or items only shall be paid within the period of 3 months. The contractor shall submit a list of the disputed items within 30 days from the disallowance waived and absolutely extinguished.

A bill shall be submitted by the contractor each month on or before the dated fixed by the Engineer-in-charge for all work executed in the previous month. The charges in the Bill shall always be entered at the rates specified in the tender or in the case of any extra work ordered in pursuance of these conditions and not mentioned or provided for in the tender, as the rates herein after provided for such works. The Engineer-in-charge shall take or cause to be taken the requisite measurements for the purpose of having the same verified and the claim, as for as admissible, adjusted if possible before the expiry of ten days from the presentation of the bill. If the contractor does not submit the bill within the time fixed as aforesaid, the Engineer-in-charge may depute a subordinate to measure up the said work in the presence of the contractor whose counter signature to the measurement list will be sufficient warrant, and the Engineer-in-charge may prepare a bill from such list which shall be binding on the contractor in respect.

Before taking any measurement of any work as referred to in above, the Engineer-in-charge or a subordinate deputed by him shall give reasonable notice to the contractor. If the contractor fails to attend at the time of measurement after such notice or fails to countersign or to record the difference within a week from the date of measurement in the manner required by the Engineer-in-charge then in any such event the measurement taken by the Engineer-in-charge or by the subordinate deputed by him as the case may be shall

be final and binding on the contractor and the contractor shall have no right to dispute the same.

4.6 Material issued from company's stores

If the specification of the work provided for the use of any special description of material to be supplied from company's stores or if it is required that contractor shall use certain stores to be provided by the Engineer-in-charge, specified in the schedule 'E' the contractor shall be bound to procure and shall be supplied such materials and stores as are from time to time required to be used by him for the purpose of the contract only and the value of the full quantity of materials and stores to be supplied at the rates specified in the schedule may be set off or deducted from any sum then due or thereafter become due to the contractor under contract or otherwise or against or from the security deposit. All materials supplied to the contractor either from departmental stores or with the assistance of company shall remain the absolute property of company and shall not any account be removed from the site of work and shall be at all times open to inspection by the Engineer-in-charge. Any such material unused and in perfectly good condition at the time of completion or determination of the contract, shall be returned to the Engineer-in-charge's stores, if by a notice in writing under his hand; he shall so require and if on service of such notice the contractor fails to return the materials so required he shall be liable to pay minimum penalty of 10 percent on the price of goods originally charged and maximum penalty not exceeding the price of goods or originally charged in addition to their price originally charged. The decision of Engineer-in-charge of work shall be final regarding levy of penalty. But the contractor shall not be entitled to return any such materials unless with such consent and shall have no claim for compensation, on account of any such materials so supplied to him as aforesaid being unused by him, or for any wastage in or damage to any such materials. For the stores which may be received back from the contractor he shall be paid for at the price originally charged excluding storage charged in case of materials supplied from departmental stores and actual cost including freight, cartage, taxes etc. paid by the contractor in case of supply received with the assistance of the Company which however, should in no case exceed market rates prevailing at the time the materials are taken back.

The Engineer-in-charge shall have full powers to require the removal from the premises of all materials which, in his opinion are not in accordance with the specification and in case of default the Engineer-in-charge shall be at liberty to employ other persons to remove the same without being answerable or accountable for any loss or damages that may happen or arise to such materials. The Engineer-in-charge shall also have full powers to require other proper materials to be substituted thereof and in case of default the Engineer-in-charge may cause the same to be supplied and all costs which may attend such removal and substitution are to be borne by the contractor.

If the required under the terms of this contract, the contractor shall obtain from the stores of the company, all stores, material, diesel, explosives etc. and articles of foreign manufacture which may be required for the work of any part thereof or in making up articles required thereof connection therewith, unless he has obtained permission in writing from the Engineer-in-charge to obtain such stores and articles from elsewhere. The value of such stores and articles as may be supplied to the contractor by the Engineer-in-charge will be debited to the contractor in his amount at the rates, shown in the schedule attached to the contract and if they are not entered in the schedule they will be debited at cost price which for the purposes of this contract shall include the cost of carriage and all other expenses, whatsoever, which shall have been incurred in obtaining

delivery of the same at the stores aforesaid. In addition, 10% charges shall also be levied towards handling.

4.7 Specification of Works

The contractor shall execute the whole and every part of the work in the most substantial and workman like manner, and both as regards materials and otherwise in every respect in strict accordance with the specifications. The contractor shall also confirm exactly, full and faithfully to the designs, drawings and instructions writing relating to the work assigned by the Engineer-in-charge and lodged in his office, and to which the contractor shall be entitled to have access at such office, or on site of the work for the purpose of inspection during office hours and the contractor shall, if he so requires, be entitled at his own expenses to make or cause to be made copies of specification, and of all such designs, drawings and instructions as aforesaid.

4.8 Addition, Alteration & Substitution of items

The Engineer-in-charge shall have powers to make alternation in or commissions from or additions to or substitutions for the original specifications, drawings, designs and instructions that may appear to him to be necessary or advisable during to progress of work and the contractor shall be bound to carry out the work in accordance with any instructions which may be given to him in written by the Engineer-in-charge and such alterations, commissions, additions or substitutions shall not invalidate the contract and any altered, additional or substituted work which the contractor may be directed to do in a manner above specified as part of the work shall be carried out by the contractor on the same conditions in all respects on which he had agreed to do the main work, provided that additional quantities of each individual item shall not exceed 25% of the quantities provided against that item in the contract agreement and further provided that the cost of the work as executed by the contractor including cost of all additional, altered or substituted work shall not without mutual agreement exceed the tendered amount of the work by more than 10%.

The time limit for completion of the work shall be extended in the proportion that the additional or substituted work bears to the original contract work and the certificate of the Engineer-in-charge shall be conclusive as to such proportion. The rates of such additional altered or substituted work under this clause shall be worked out in accordance with the following provisions:-

- (i) If the rates for the additional, altered or substituted work are specified in the contract for the work, the contractor is bound to carry out the additional, altered or substituted work at the same rates as are specified in the contract for the work.
- (ii) If the rates for the altered, additional or substituted works cannot be determined in the manner specified in clause above, then the rates for such work shall be worked out on the basis of the schedule of rates of the district specified above mines/pus the percentage which the total tendered amount bears to the estimated cost of the entire work put to tender provided always that if the rate for a particular part or parts of the items is not in the schedule of rates, the rate for such part or parts will be determined by the Engineer-in-charge on the basis of the prevailing market rates when the work was done.
- (iii) If the rates for the altered, additional or substituted work cannot be determined in the manner specified in clause above, then the contract or shall, within 7 days of the date of receipt of order to carry out the work, inform the Engineer-in-charge of the rate which is his intention to charge for such class of work, supported by analysis of the rate or rates claimed and the Engineer-in-charge shall determine

the rate or rates on the basis of prevailing market rates, and pay the contractor accordingly. However, the Engineer-in-charge, by notice in writing, will be at liberty to cancel his order to carry out such class of work and arrange to carry it out in such manner as he may consider advisable. But under no circumstances the contractor shall suspend the work on the plea of non-settlement of rates of items falling under the clause.

- (iv) Provided that the Engineer-in-charge would also be at liberty to ask the contractor to execute such items, the rates of which are not provided in the B.S.R. of that area and also additional quantity over and above the limit of 25% against each item and 10% over the tendered amount of the work specified above, if in the opinion of the Engineer-in-charge the execution of such items through other agency is likely to hamper the progress of other items of work and its completion considerably required the contractor shall be bound to carry out all such extra work also if asked to do so. For all such extra items or additional quantity of work over and above the limit specified in para above, the contractor shall be paid provisionally on the rates of all such additional work and extra items if any shall be decided and settled by arbitration,. Provided always that if the contractor shall commence work or incur any expenditure in regard thereof before getting written instructions from the Engineer-in-charge regarding all such additional works or extra items at his own accord as lastly here herein before mentioned then in such case he shall only be entitled to be paid in respect of the work carried out expenditure incurred by him prior to the date of issue of written instructions if any, as aforesaid according to such rate of rates as shall be fixed by the Engineer-in-charge and shall have no claim for getting rates or such work settled through arbitration.

4.9 Curtailment of Scope

If the Engineer-in-charge shall at any time, and for any reason whatsoever think that any portion of the work should not be executed and could be withdrawn from the contractor, he shall give notice in writing of the fact to the contractor who shall have no claim to any payment of compensation whatsoever on account of any profit or advantage which he might have derived from the execution of the work in full, but which he did not derive in consequence of the full amount of the work not having been carried out, neither shall he have any claim for compensation by reason of any alterations having been made in the original specifications, drawings, designs and instructions which shall involve any curtailment of the work as originally contemplated.

Provided that the contractor shall be paid the charges on the cartages only of materials actually and bonafidely brought to the site of the work by the contractor and rendered, surplus as a result of the abandonment or curtailment of the work or any portion thereof and then taken back by the contractor, provided, however, that the Engineer-in-charge shall have in all such case the option of taking over all or any such materials at their purchase price or at local current rates which ever may be less. In the case of such stores having been issued from Company's stores supervision charges and storage charges shall be refunded in addition to the issue rate of materials.

All sums payable by way of compensation under any of these conditions shall be considered as reasonable compensation to be applied to the use by the company without reference to the actual loss or damage sustained and whether or not any damage shall have been sustained.

4.10 Rectification of Defect

If it shall appear to the Engineer-in-charge or his subordinate-in-charge of the work, that any work has been executed with unsound imperfect or unskillful workmanship, or with materials of any inferior description or that any materials or articles provided by him for

the execution of the work are unsound or of a quality inferior to that contracted for, or otherwise not in accordance with contract, the contractor shall demand in writing which shall be made within six months of the completion of work from the Engineer-in-charge specifying the work, materials or articles complained on paid, for, forthwith rectify or remove and reconstruct the work so specified in whole in para, as the case may require or as the case may be remove that materials or articles so specified and provided other proper and suitable materials or article at his own charges and cost, and in the event of his failing to do so shall continue and in the case of any such failure the Engineer-in-charge may rectify or remove and re-execute the work or remove and replace with other materials or articles complained of as the case may be at the risk and expense in all respect of the contractor.

4.11 Inspection & Supervision

All the work under or in course of execution or executed in pursuance of the contract shall at all times be open to the inspection and supervision of the Engineer-in-charge and his subordinates and contractor shall at all times during the usual working hours and at all other times at which reasonable limitations of the intention of the Engineer-in-charge or his subordinate to visit the works shall have been given to the contractor, either himself present to receive order and instructions or have a responsible agent duly accredited in writing present for that purpose. Orders given to the contractor's agent shall be considered to have the same force as if they had been given to the contractor himself.

4.12 Hidden Works

The contractor shall given not less than seven days notice in writing to the Engineer-in-charge or his subordinate-in-charge of work before covering up or otherwise placing beyond the reach of measurement any work in order that the same may be measured, and correct dimensions thereof be taken before the same is so covered up or placed beyond the reach of measurement and shall not cover up or place beyond the reach of measurement any work without the consent in writing of the Engineer-in-charge or his subordinate-in-charge of the work and if any work shall be covered up or placed beyond the reach of measurement without such notice having been given or consent obtained, the same shall be uncovered at the contractor's expenses or in default thereof on payment or allowance shall be made for such work, or the materials with which the same was executed.

4.13 Damage to Company's property

Additional conditions of Contract

1. Correction of arithmetical errors

Provided that a Financial Bid is substantially responsive, the Procuring Entity will correct arithmetical errors during evaluation of financial Bids on the following basis:

- i. if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Procuring Entity there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected.
- ii. if there is an error in total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- iii. if there is a discrepancy between words and figures, the amount in words shall prevail unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (i) and (ii) above.

If the Bidder that submitted the lowest evaluated Bid does not accept the correction of errors, its Bid shall be disqualified and its Bid Security shall be forfeited or its Bid Securing Declaration shall be executed.

2. Procuring Entity's Right to Vary Quantities

- (i) At the time of award of contract, the quantity of Goods, works or services originally specified in the Bidding Document may be increased or decreased by a specified percentage, but such increase or decrease shall not exceed twenty percent, of the quantity specified in the Bidding Document. It shall be without any change in the unit prices or other terms and conditions of the Bid and the conditions of contract.
- (ii) If the Procuring Entity does not procure any subject matter of procurement or procures less than the quantity specified in the Bidding Document due to change in circumstances, the Bidder shall not be entitled for any claim or compensation except otherwise provided in the Conditions of Contract.
- (iii) In case of procurement of Goods or services, additional quantity may be procured by placing a repeat order on the rates and conditions of the original order. However, the additional quantity shall not be more than 25% of the value of Goods of the original contract and shall be within one month from the date of expiry of last supply. If the Supplier fails to do so, the Procuring Entity shall be free to arrange for the balance supply by limited Bidding or otherwise and the extra cost incurred shall be recovered from the supplier.
