SECTION- I

1.1 Background

Rajasthan State Mines and Minerals limited (RSMML) is one of the leading and progressive enterprises of the Government of Rajasthan. It occupies a place of pride in production and marketing of non-metallic minerals of India. RSMML is multi mineral and multi-location enterprise engaged in mining of Rock Phosphate, Lignite, SMS/Cement/Chemical Grade Limestone, Gypsum. RSMML is not only the leader in Mining & Selling of Rock Phosphate, but also global pioneer in technology in open cast mining and mineral beneficiation of Carbonate Rock Phosphate. Besides minerals, RSMML has also forayed into Energy Sector and has set up a 106.3 MW installed capacity Wind Power Project at Jaisalmer, Rajasthan and 5 MW Solar Project at Gajner, Bikaner.

1.2 Purpose of Tender, Long Term Supply Agreement

Online tender is invited in electronic form through <https://eproc.rajasthan.gov.in>, for following work.

The company has envisaged to supply of RoM chalky Limestone from Sanu mine no. 1 & 2 at District Jaisalmer, Rajasthan for captive consumption only after excavation from mined out pit by deployment of man and machineries commensurate with work requirement.

Accordingly, RSMML invited e-tender for entering into a long-term agreement on the basis of highest facilitation fee quoted by them for a minimum period of 30 years to mine and supply Chalky (Cement Grade) Limestone from Sanu-1& 2 Mines of RSMML. The work broadly includes total mining operations at mine pit, along with obtaining statutory clearances, execution and compliances of various statutory authorities' directives as per statute during operations of the mines and supply under the work. The mines will be operated for an indicative RoM Chalky limestone production/Supply capacity @ 50 Lakh MT per annum.

The prospective bidders are advised to visit mines before participation and assure themselves about the geological details, lithological behaviors of the rock, the statutory status of mine, and working conditions of proposed mining lease areas as mentioned in the Tender.

1.3 Brief Details and Status of Sanu-1 & 2 Mines

Sanu Mine no. 1 & Sanu mine no. 2 are located near village Sonu in Jaisalmer district of Rajasthan located at 52 KM & 55 km from Jaisalmer. Both mines are well connected with all-season NH-68 road. SONU village and Jaisalmer are also well connected with the Broad gauge rail line and SONU railway siding is 8-12 KM from the Sanu mine no. 1 & 2.

Brief Details and Status of Mine

RSMML is holding mining lease for Sanu-1(ML-27/96- 1000 Ha) and Sanu-2(ML-01/97-

998.40 Ha) effective from 01.04.1997 for mineral SMS /Steel Grade Limestone and SMS (Steel Grade)/Cement Grade Limestone respectively near village Sanu in Tehsil Ramgarh, district Jaisalmer. The lease period is valid up to 31.03.2047. There is provision under Section 8A (6) of MMDR Act-1957 (Now amended in MMDR Act-2015) to extend the period of lease to state PSU, for another twenty (20) years. Thus, during the eventuality of the availability of mineral resources beyond the lease period, the ML shall be applied for extension of Lease period by RSMML as per the provision. RSMML has its railway siding allotted by NWR at Sonu Railway Siding in village Sonu, for loading of Limestone, which is around 8/12 KM from Mines. Majority land under the lease area is Govt Araj Raj land.

At present, Mining is only being carried out for top SMS Grade Limestone layer (3-6 meters thickness from surface with negligible OB) to supply steel plants and its by-product (high grade fines of minus 30 mm sizes) to power/cement plants. The low-grade limestone i.e. fines rejects (below 40% CaO and High Silica -More than 6%), being produced during dry processing, is being stored by concurrent backfilled & levelling process in mined out pit over chalky limestone bed and stored for future use during mining of chalky limestone. The indicative quantity of fines rejects which have been backfilled and stored over chalky limestone, after mining of Steel Grade limestone, is around 10% of the resources of Chalky limestone.

The present EC capacity of mines for Sanu-1 ML is 38.48 lakh tonne per annum for RoM handling (including 5.48 Lakh tonne per annum handling of old dump) for steel grade limestone production @15.00 lakh tonne per annum and for Sanu-2 is 27.30 Lac Tonne per annum (LTPA) for RoM handling for steel grade limestone production @ 12.50 LTPA. Its underlying bed is Chalky Limestone (Cement Grade) of varying thickness from 5 meters to 15 meters with average around 8 meters, is exposed after mining of Steel Grade Limestone. However, at places it has been used for storing of low-grade Limestone by backfilling process. RSMML has already prepared and obtained approval of 'Review of Mining Plan with PMCP' from IBM under MCDR-2017. The five-year scheme is valid upto 2026-27 (Sanu-1) and 2027-28 (Sanu-2) and due for revision. The EC capacity expansion of Sanu-2 Limestone Mining Project (M.L. No. 01/1997, Area 998.4 ha.) with Mine Material handling capacity from existing 2.73 MILLION TPA to 10.23 MILLION TPA which includes ROM SMS grade Limestone resource- 2.73 MILLION TPA, Cement Grade Limestone resource-5 MILLION TPA & recovery of mineral from Handling of old backfilled limestone size reject dumps (0-30 mm size)-2.5 MILLION TPA is applied with MOEFCC and is under process of Grant. EAC has already heard the proposal in July'26.

The area is already explored by exploratory drilling under G-2 level exploration. The present reserve status of limestone in the area (as per approved Review of Mining Plan) is-

The earnest money of the bidder who are technically successful but not awarded the work shall be refunded after issuance of DLOA to successful bidder. The Bid security deposited by the successful bidder will be refunded after submission of SD, but shall stand forfeited if the tenderer fails to furnish security deposit and/or fails to commence the work within stipulated period.

The earnest money deposited by the successful tenderer will be refunded after submission of SD, but shall stand forfeited if the tenderer fails to furnish security deposit and/or fails to commence the work within stipulated period.

The earnest money of a tenderer shall be forfeited in the following cases: -

- i) If the tenderer withdraws or modifies the offer after submission of the tender.
- ii) If the successful tenderer does not submit the prescribed Bank Guarantee as security deposit within one month of the date of work order/DLOA issued in favour of tenderer.

- iii) If the successful tenderer does not execute the agreement, in the prescribed form within one month of the date of work order/DLOA issued in favour of tenderer.
- iv) If it is established that the tenderer has submitted any wrong information/ forged documents. along with the tender or thereafter.
- v) If the work is not commenced within the prescribed time period.

1.6 Pre bid Meeting

RSMML proposes to hold a pre-bid meeting to clarify doubts and furnish replies to the questions/queries raised by the interested parties in this tender. The meeting will be held at **RSMML, Corporate office, Udaipur on 11/08/2026 at 11:00 AM.** Bidders are also advised to send their queries in advance and addressed to **Head (Centralized Marketing)**, RSMML, Corporate Office, 04, Meera Marg, Udaipur-313004 so as to reach at least seven (7) days before the scheduled date of the pre-bid meeting. Bidders are advised to participate in the pre bid meeting in their own interest, though it is not mandatory to do so. However, the Bidders are requested to confirm their participation.

1.7 Last date for submission of offer

The tender is to be submitted online only and should be submitted on or before the prescribed date & time online. Any Bid after the deadline prescribed due to any reason whatsoever will not be accepted.

1.8 Scope of Work

Bidders are requested to quote their Facilitation fee in Rs. per MT on Ex-Mines dispatches basis in the prescribed **Price Bid format (Form F)**. **The mining of Limestone shall be carried out by successful bidder only after formation of co-operative society as per provisions.** The successful bidder needs to make supply of limestone (under long term supply agreement) after mining commensurate with supply targets, from the Sanu-1 & 2 ML area including all statutory clearances. The terms and conditions of the long-term agreement are:

- i. The successful bidder shall undertake scientific and systematic mining of limestone in the Sanu-1 & 2 Mining Lease. The scope of work includes raising of Limestone as per approved methodology in statutory approval i.e. Review of Mine plan by IBM/EC by MOEFCC, loading, transportation within the mine, and dispatch of limestone, along with leveling of mined-out land and other incidental activities required for extraction and supply of marketable grade limestone. The bidder shall ensure optimum recovery of limestone and carry out all operations in accordance with the approved Review of Mining Plan/EC and applicable statutory provisions. The extracted mineral shall be supplied under a long-term arrangement commensurate with the prescribed production and Supply targets.

- ii. *Mining Operations & Execution:* Mining operations shall be carried out under the overall supervision and control of RSMML. The successful bidder shall deploy only such machinery and equipment as permitted under applicable laws and DGMS guidelines, details of which shall be submitted to RSMML prior to deployment. Mining shall be undertaken in a systematic and scientific manner in a uniform direction as per the approved Mining Plan/EC, and scattered mining shall not be permitted. Mining of Chalky (Cement Grade) Limestone shall be carried out using Surface Miner technology in accordance with the approved Environmental Clearance (EC) expansion proposal. The contractor shall deploy adequate Surface Miners and associated equipment to achieve the prescribed production capacity and ensure compliance with all EC conditions. The bidder shall submit monthly reports detailing excavation area, production quantity, dispatch quantity, and stock position, if any, along with location details of stockyards within the lease area. In case the limestone is required to be supplied in sized form, the successful bidder shall, at its own cost, make all necessary arrangements at the mine site for crushing, sizing, and screening of the mineral prior to dispatch, if required. The bidder shall be solely responsible for installation, operation, and maintenance of such facilities as per its requirement. All statutory approvals, permissions, and consents required for installation and operation of such processing arrangements, including but not limited to environmental and regulatory clearances, shall be obtained by the bidder at its own cost and responsibility. No crushing, screening, or processing plant shall be installed or operated without prior approval of RSMML and without obtaining requisite permissions from the competent statutory authorities in accordance with applicable laws and regulations.
- iii. *Statutory Clearances & Approvals:* The successful bidder shall be responsible for obtaining all statutory approvals on behalf of RSMML and in consultation with RSMML prior to commencement of mining operations. This includes approval of Review of Mining Plan from IBM under MCDR-2017, Environmental Clearance under EIA Notification 2006 and its amendments, Consent to Establish and Consent to Operate from Rajasthan Pollution Control Board, permissions from DGMS for deployment of HEMM and blasting operations, and any other approvals required from State or Central Government authorities. RSMML has already applied for inclusion of Mineral chalky limestone in Sanu-1 ML under MMDR Act and is under process with government. The bidder shall engage qualified consultants at its own cost for this purpose; however, statutory fees paid to government authorities shall be reimbursed by RSMML upon submission of documentary evidence.
- iv. *Compliance with Laws & Regulations:* The successful bidder shall carry out all mining operations strictly in compliance with the Mines Act, 1952, Metalliferous Mines Regulations, 1961, Explosives Act, 1884, MCDR, 2017, and all other applicable laws, rules, regulations, and guidelines issued by DGMS and other statutory authorities from time to time. The bidder

shall prepare and implement Standard Operating Procedures (SOPs) for all mining activities in accordance with Regulation 106(2)(b) of MMR, 1961. Accordingly deploy all required qualified man and machinery for smooth operations. Any statutory violation shall be rectified by the bidder at its own cost, and any penalty imposed by regulatory authorities shall be borne and paid by the bidder without recourse to RSMML.

- v. *Formation of Cooperative Society:* The successful bidder shall, prior to commencement of mining operations, form a Cooperative Society registered under the Rajasthan Cooperative Societies Act, 2001 or any other applicable law having jurisdiction of Jaisalmer District. The proprietor/partners/directors of the bidding entity shall hold positions such as President and/or Secretary in the said society. The bidder shall submit all relevant documents, including registration certificate, resolution, and list of members, to RSMML before commencement of work and shall promptly inform RSMML of any changes in membership or amendments in the society's resolution from time to time. The successful bidder shall not be entitled to change the Cooperative society without prior approval of the company, during entire contract period.
- vi. *Land & Surface Rights:* It shall be the responsibility of the successful bidder to obtain registered consent from landowners, if required, in favour of RSMML for undertaking mining operations, at its own cost, prior to commencement of work. Any disputes, claims, or liabilities arising from land ownership or compensation, either during or after completion of mining, shall be the sole responsibility of the bidder and RSMML shall not be held liable in this regard.
- vii. *Exploration work:* The successful bidder shall, at its own cost and risk, undertake the additional exploration required to upgrade the limestone reserves to the G-1 level of exploration confidence, in accordance with the directives of the Indian Bureau of Mines, the approved Mining Plan/review of Mining Plan and the prevailing provisions of the Mineral Conservation and Development Rules-2017, as amended from time to time. All exploration activities shall be completed within the stipulated time prescribed by the statutory authorities.
- viii. *Transportation, Dispatch & Weighment:* The successful bidder shall arrange for transportation of limestone from the mine at its own cost by deploying necessary manpower and machinery & Deployment of Light Electric Vehicles (EVs) for Operations at Mines and shall adopt Electric Vehicles in a phased manner for mineral transportation, with a minimum target of 20% of the transportation fleet being EV-based during the contract period, subject to the availability of suitable EV technology and infrastructure. The bidder shall dispatch the limestone only after weighment at Weigh Bridge of RSMML installed and operated by RSMML for generation of e-Ravanna as per DMG guidelines. Dispatches shall be regulated through Contract Release Orders (CRO), and the weight recorded in the weighbridge and e-Ravanna shall be final for invoicing purposes.
- ix. RSMML shall facilitate the weighment of Limestone on its departmental weighbridges free

of cost. The successful Bidder shall have the option to either install their Weighbridge at their own cost or get the weighment done at public Weighbridge authorized by DMG. In case successful bidder installs their own Weighbridge then the successful bidder's Weighbridge shall operate under supervision and control of RSMML, and maintenance charges shall be borne by successful bidder only. In case of RSMML authorized public weighbridge, the weighment charges shall have to be borne by successful bidder only.

x. Price Basis, Taxes & Statutory Levies

The bidding under this contract shall be based on the **highest Facilitation Fee quoted in Rs per MT on Ex-Mines basis**, which shall be deemed to include all mining and operational costs associated with extraction and handling of limestone. **The mining of Limestone shall be carried out by successful bidder only after formation of co-operative society as per provisions.**

However, the quoted Facilitation Fee shall be exclusive of all statutory levies including Royalty, contribution to District Mineral Foundation (DMFT), contribution to National Mineral Exploration & Development Trust (NMEDT), TCS, GST, and any other taxes, duties, cesses, additional amount as per schedule under MMDR Act or levies as may be applicable from time to time, all of which shall be payable additionally at the prevailing rates.

The successful bidder shall be liable to pay all applicable taxes, duties, royalties, and statutory levies as imposed by the Central Government, State Government, or any other statutory authority. Any revision in existing levies or imposition of new taxes, duties, or statutory charges during the currency of the agreement shall be borne and paid by the successful bidder with effect from the date of their applicability, without any demur, dispute, or claim against RSMML.

xi. Statutory Registration, Due Diligence & Liabilities

- a) The bidder, shall obtain registration with the Indian Bureau of Mines (IBM) under the provisions of MCDR, 2017, in accordance with the latest guidelines issued by the competent Government authority during execution of the work under supply. The bidder shall complete this formality at its own cost and shall maintain all prescribed records and returns as required under applicable regulations. No dispatch of limestone from the mine shall be permitted by RSMML unless such registration is obtained and maintained in valid status. The bidder shall also intimate to RSMML the designated location(s) to which the mineral shall be dispatched from the mine.
- b) The prospective bidders are advised to visit the mining lease area prior to submission of bid and satisfy themselves regarding geological conditions, quantity and quality of limestone, statutory status of the mine, accessibility, and overall working conditions of the lease area. RSMML shall not be responsible or liable for any claim or dispute raised by

the successful bidder at any stage regarding the area, reserves, grade, or quality of limestone available in the mine, and the bidder shall be deemed to have assessed the same independently through its own resources.

- c) In the event any penalty, demand, or liability is imposed by any Government authority on account of statutory violations, illegal mining, or theft of mineral during the currency of the agreement, the same shall be borne and reimbursed by the successful bidder to RSMML. Further, the bidder shall also be liable to pay the applicable facilitation fee and other charges for any quantity of mineral lost, unaccounted, or illegally extracted.
 - d) If the successful bidder is found to be involved in any illegal mining activity within the allotted area, RSMML shall be entitled to take strict action as per applicable provisions, including termination of the agreement and forfeiture of Security Deposit, without prejudice to any other legal remedies available.
 - e) RSMML shall exercise overall supervisory control to ensure compliance with statutory provisions; however, the responsibility for obtaining all statutory permissions, approvals, and compliances shall rest with the bidder, acting on behalf of RSMML and in consultation with it. The successful bidder shall not be entitled to claim any compensation, loss, or damages on account of delay in obtaining statutory clearances or on account of any action taken by Government authorities in respect of violations.
- xii. *Commercial Mechanism & Payment Terms:* RSMML shall raise invoice to the successful bidder for the Limestone dispatched from the mines at a selling price which would include facilitation fees and other statutory taxes, duties & Royalty, Contribution to DMFT, contribution to NMEDT, GST on any other new levy/taxes/additional amount as per schedule etc as applicable from time to time at each mines.

The successful bidder shall make advance payment towards facilitation fees and other charges based on monthly proportionate production and supply targets corresponding to the minimum annual guaranteed production and Supply. Payments shall be made through Demand Draft, NEFT, RTGS, or other approved electronic modes in favour of RSMML. Dispatches shall be carried out strictly against CRO issued by RSMML upon receipt of advance payment.

Deposition of advance Payment to RSMML for purchase of Limestone, issuance of Delivery Order (DO)/ Contract Release Order (CRO), invoicing etc

Additional Conditions of Contract

1. Correction of arithmetical errors

Provided that a Financial Bid is substantially responsive, the Procuring Entity will correct arithmetical errors during evaluation of Financial Bids on the following basis:

- i. if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Procuring Entity there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected.
- ii. if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- iii. if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (i) and (ii) above.

If the Bidder that submitted the lowest evaluated Bid does not accept the correction of errors, its Bid shall be disqualified and its Bid Security shall be forfeited or its Bid Securing Declaration shall be executed.

2. Procuring Entity's Right to Vary Quantities

- (i) At the time of award of contract, the quantity of Goods, works or services originally specified in the Bidding Document may be increased or decreased by a specified percentage, but such increase or decrease shall not exceed twenty percent, of the quantity specified in the Bidding Document. It shall be without any change in the unit prices or other terms and conditions of the Bid and the conditions of contract.
- (ii) If the Procuring Entity does not procure any subject matter of procurement or procures less than the quantity specified in the Bidding Document due to change in circumstances, the Bidder shall not be entitled for any claim or compensation except otherwise provided in the Conditions of Contract.

In case of procurement of Goods or services, additional quantity may be procured by placing a repeat order on the rates and conditions of the original order. However, the additional quantity shall not be more than 50% of the value of Goods of the original contract and shall be within one month from the date of expiry of last supply. If the Supplier fails to do so, the Procuring Entity shall be free to arrange for the balance supply by limited Bidding or otherwise and the extra cost incurred shall be recovered from the supplier.
