Special Instructions for the Tenderers

SITE & GENERAL INFORMATION

5.2 INTRODUCTION

5.2.1 The company is an enterprise of Government of Rajasthan engaged in mining and marketing of various minerals like Rock phosphate, Gypsum, Steel grade Limestone, Lignite etc. from its mines at different locations.

5.2.2 Jhamarkotra Rock Phosphate Mines of SBU & PC Rock Phosphate of RSMML is one of the largest open cast mine in India outside the steel and coal sectors. More than 90% of the total Rock Phosphate production of SBU & PC - Rock Phosphate is contributed by major Jhamarkotra Rock Phosphate Mine.

5.2.3 Rock Phosphate mine is categorized into different grades based on the P₂O₅ contents e.g. Low Grade Ore (LGO), Medium/Mix Grade Ore (MGO) or High Grade Ore (HGO). Different grades of Rock phosphate ore produced from the Mines of SBU & PC Rock Phosphate of RSMML are blended and downsized by crushers to produce various products of required size & grade as specified by customers. A part of finished products are dispatched directly to customers from mines and balance is transported to existing and or forthcoming (if any) railway sidings situated at different places for onward dispatch.

5.2.4 The low-grade ore produced from the mines containing around 16.5% P₂O₅ is crushed & fed to the beneficiation plant located within the mine lease area of Jhamarkotra for processing to produce beneficiated Rock phosphate concentrate. A part of the concentrate produced is used for blending for production of finished crushed High Grade Products and balance is dispatched to parties through road and rail transport.

5.2.5 Besides above, a part of Low grade ore after blending and crushing are directly transported to Grinding Units situated at Base camp, Jhamarkotra, Udaipur where Low grade ore are ground to a size of (-) 100 mesh and packed into 50 Kg. HDPE bags for despatch to parties with a brand, named as Rajphos.

5.2.6 Various types of finished products produced from the mines/ beneficiation plant are

- Crushed Rock Phosphate (+34% P₂O₅),
- Crushed Rock Phosphate Chips (+31.5% P₂O₅, +30% P₂O₅),
- Beneficiated Rock Phosphate Concentrate (+31.54% P₂O₅),
- Medium Grade Crushed/Uncrushed Rock Phosphate (Avg. 23% & 25% P₂O₅),
- Ground Rock Phosphate (Rajphos) for Direct Application as Fertilizer (less than 20% P₂O₅),
- Other Products, produced from time to time as per technical requirements of customer.

5.2.7 The Company has an elaborate quality assurance system so as to ensure that only those products, which conform to the requisite specifications as fixed by the company for saleable material are dispatched to the customers and/or railway sidings/grinding units.

5.3 LOCATION AND ACCESSIBILITY OF SITE

Jhamarkotra Rock Phosphate Mine in Udaipur District is being worked by M/s Rajasthan State Mines and Minerals Limited (A Government of Rajasthan Enterprise). Jhamarkotra deposit is situated on a range of hills rising to a maximum height of 620m above MSL. The area is served by three Railway Station Viz. (1) Kharva Chanda (Southwest – 10Kms.), (2) Umra (Northwest – 18 Kms.) and (3) Udaipur; all lying in UDZ- Himmatnagar meter gauge Railway Section of Western Railways. It is also connected by a tarred road to Umra (18 Kms.) and Udaipur (29 Kms.) Stations as well as State Highways. Jhamarkotra can also be reached from Udaipur Airport (42 Kms.) on Bombay-Delhi Air route.

5.4 BULK DENSITY OF ORE

The hardness of the ore varies from soft to hard.

The average Bulk Density of:

- Crushed High-grade (more than 30% P₂O₅) finished crushed products is 2.05 metric tonnes per Cubic Meter.
- Crushed Medium & Low grade (less than 30% P₂O₅) finished crushed products is 1.95 metric tonnes per Cubic Meter
- Beneficiated Rock Phosphate is 1.5 to 1.8 metric tonnes per Cubic Meter.

5.5 CLIMATE

The climate is semi arid with temperature varying from 15 degree centigrade in January to 40 degree centigrade in May. However, there are wide fluctuations in the temperature. The maximum temperature rises as high as 44 degree centigrade in summer and drops to 0.5 degree centigrade in winter. - (l) The Contractor shall make suitable arrangement and lifting of spillage of material from the places in and around of various loading points at regular basis and should stock the same as per the directives of the Engineer In-Charge or his authorized representative. Non-compliance of the same would amount to deduction of amount assessed for such losses of material at the appropriate prevailing selling price of respective product of Rock-Phosphate. The decision of the RSMML in this respect shall be final and binding on the contractor. The recovery of any amount under this clause may be affected by the RSMML either from the running bills or from the security deposit, at the discretion of the RSMML.
- (m) Contractor has to maintain and operate requisite/ sufficient equipment as and when required at different locations, viz. New Crushing Plant yard, Old Crushing Plant, RKC Crushing Plant & Industrial Beneficiation Plant yard, etc. In addition to the loading locations as above, from time to time contractor shall be required to load Rock Phosphate from other stockyards also as per the instruction of Engineer In Charge. The contract will require to deploy the equipment not older than five years from the date of issue of DLOA.
- (n) Usually the truck for loading are allowed entry from 7:00 AM to 7:00 PM. Contractor has to make adequate loading arrangement to load the trucks within the specified time as above and contractor shall ensure that trucks entered in late evening should be loaded positively before the 9:00 PM. However, company at its absolute discretion may ask the contractor to load the material even beyond the specified timings. For this purpose an advance notice will be served in case such changes are made for a longer duration.
- (o) The Contractor has to make necessary arrangements for drainage of water so as to keep the surface/rainwater away from the loading point for smooth and safe working.
- (p) No idling charges shall be payable under this contract.
- (q) The contractor shall be expected to maintain close co-ordination with company's local office to get complete and upto date loading programme for smooth loading operations.
- (r) The Contractor shall be deemed to have known the nature, scope, magnitude and the extent of the works and materials required though the contract documents may not fully and precisely furnish them. The opinion of the Engineer-In-Charge as to the items of work which are necessary and reasonable for completion of work shall

be final and binding on the Contractor, although the same may not be shown on or described specifically in contract documents.

- (s) Contractor shall not be entitled to raise any objection whatsoever or claim any compensation arising out of any discrepancy in the description of work, non-availability of Rock Phosphate Chips/Concentrate at loading point at mines or non-availability of trucks at any stage or on any other ground whatsoever.
- (t) Contractor shall maintain daily record of different trucks loaded from different stacks/loading points including truck numbers, destination, loading time, name of the party etc as per the instruction of Engineer in Charge.
- (u) Contractor shall submit daily working report of previous day on the following day regarding details of deployment site of loader/water sprinkler alongwith name of the operator/helper and working hours in the weigh bridge office.

5.2.3 DETERMINATION OF VARIOUS PARAMETERS

For the purpose of this contract the determination of following parameters as done by the RSMML or its authorized representatives shall be taken & treated as final and shall be binding on the contractor.

- i) Chemical & physical analysis of ores, minerals etc., (including moisture determination of minerals & proximate analysis) to determine purities/grade of ore/mineral etc., and also to classify any material SSP/Rajphos etc.
- ii) Weight of material dispatched in trucks as determined at RSMML's weighbridge/any other weighbridge notified by the RSMML.
- iii) Stock of mineral at the beginning of the contract, during the period of the contract & at the termination of the contract.
- iv) Any other parameter whose determination may be required in terms of this contract for its proper execution.

5.2.4 RESOURCES, FACILITIES ETC

- i. The contractor will have to bring and deploy requisite machinery, labours, tools, tackles, equipment, etc., required to execute the contract at its own cost and to the entire satisfaction of the RSMML.
- ii. The contractor shall make its own arrangements at its own cost for facilities like fuel, lubricants, compressed air, diesel etc., required for satisfactory execution of the contract. The procedure prescribed by Company in this regard shall be followed strictly by the contractor.
- iii. The Loaders used for the work should be of standard quality specification commensurate with the scope of work or as directed by RSMML. **Equipments such as loaders of less than 1.7 Cum bucket capacity shall not be allowed for the work.**

5.2.5 INCIDENTAL & CONTINGENT WORKS

The contractor will have to make its own arrangements for all incidentals or contingent works related to the contracted work at its own cost & expenses and the same would not qualify for any extra payment.

5.2.6 SECURITY & WATCH AND WARD

The contractor shall be responsible for safety, security, watch & ward etc., of the RSMML properties in and around the work area and/or other properties specifically allocated to the contractor including but not limited to stocks of mineral & mineral products.

Quantity ,Period of Contract, Working Hours & Compensation for Failure to Commence the Work and/or Delayed Operation etc.

5.3.1 QUANTITY

- i. The company envisages to Load 8.90 lakh MT of chips/concentrate per year under this contract at Jhamarkotra Rock Phosphate Mine. However this quantity is only indicative and susceptible to variation from time to time in absolute discretion of the company. No guarantee regarding overall, annual, monthly, weekly or daily quantum of work can be given. The Contractor shall neither be entitled nor be eligible to raise any claim on account of their vehicles/equipments /manpower being idle on any day or for any period during the contractual completion period. The contractor shall however have to make necessary arrangements for loader & manpower for loading of material as per rated schedule of about 74167 MT/month so as to complete the total envisaged yearly quantum of 8,90,000 MT. The company reserves the right to vary the tendered quantity as per provisions of RTPP Act/ Rules. In case the company increase the annual quantity beyond 8.90 lac MT the contractor shall also make necessary arrangement for the same.

5.3.2 PERIOD OF CONTRACT

- i. The period of contract shall be for Two (02) years i.e. 24 months from the date of issuance of Detailed Letter of Acceptance (DLOA). The company may extend the period of contract up to a period of one year on the same rate terms & conditions at its sole discretion.
- ii. The above period of contract includes the period of 30 days allowed for mobilization & commencement of work reckoned from the date of issue of DLOA. The work shall be executed strictly as per time schedule by deploying adequate personnel, equipment, tools, tackles etc.

5.3.3 DIESEL

RSMML shall not supply diesel from their stock to the contractor and the contractor shall make his own arrangement for procurement, transportation, storage etc. of diesel for their work. The Contractor shall not make any claim regarding idling of his equipment or any other losses whatsoever on this account. Necessary documentary proof of receipt / entry at main security gate shall have to be maintained and submitted by the contractor.

5.3.4 TIME EXTENSION

- i. If the contractor shall desire an extension of time for completion of scheduled quantities on the grounds of his having been unavoidably hindered for reasons beyond his control in execution of work, he shall apply in writing to the Head of SBU & PC Rock Phosphate within ten days of the date of such event, and if in its opinion (which shall be final and binding on the Contractor) reasonable grounds exist, authorise such extension of time as may in its opinion be necessary or proper. Whenever such extension is granted by the Company, this would be without prejudice to the Company's right to take appropriate action under this contract and without any additional financial liability on the company.

- ii. The decision of the company as to the need for grant of extension of time to the Contractor shall not be called in question.

5.3.5 RATE OF REMUNERATION

- i. The Contractor, in lieu of the services rendered for the work under Scope of Work and in view of terms and conditions mentioned herein, shall be entitled to get remuneration. Accepted rate shall be considered as the rate for remuneration to the contractor.
- ii. The schedule of rate or contract rate or rate of remuneration shall include an indemnity to the Company which the Contractor hereby gives against all actions, proceedings, claims, damages, costs and expenses arising from the incorporation in or use on the works of any such articles/processes or materials octroi or other municipal or local board charges, fees, cess, as applicable on materials, equipment or machinery to be brought to site for use on work, shall borne by the Contractor.
- iii. Without in any way limiting the provisions of the proceeding sub-clause, the schedule of rates or rate of remuneration shall be deemed to include and cover the cost of all inputs for the works or otherwise, also all rents and other payments for the works, all equipment, temporary works, materials, labour, insurance, fuel, stores and appliances to be supplied/deployed by the Contractor and all other matters in connection with each item in the schedule of quantities and the execution of the work or any portion thereof finished complete in every respect and maintained as shown or described in the contract documents.
- iv. The rate of remuneration shall be deemed to include and cover the risk of all possibilities of delay and interference with the Contractor's conduct of work which occur from any cause including orders of the Company in the exercise of his/its powers and on account of extension of time granted due to various reasons and for all other possible or probable cause of delay/s in execution of this work by the Contractor. The Contractor shall not be entitled to raise any claim and/or dispute on account of any rise in the price of equipment/s, spares, oils, lubricants, tyres, tubes, statutory or otherwise on any other ground or reason or accounts whatsoever.

5.3.6 PRICE VARIATION

The rates quoted by the contractor and finally accepted by the company shall remain firm & fix for the entire contractual period, except variation provided herein. Only variation on account of change in the market price of diesel (HSD) and payment of minimum wages to the workmen employed for the contract will be considered for ascertaining escalation/de-escalation on the price quoted and finally agreed.

5.3.6.1 DIESEL

- i. The price variation on account of change in diesel price for the work will be computed based on maximum notional consumption of 0.10 liter diesel (HSD) per tonne of Rock phosphate loaded into trucks.
- ii. The prevailing retail price of diesel (HSD) of IOCL ex-Udaipur (Udaipur Municipal Area) i.e. **Rs.99.55 per Liter** shall be taken and considered as base price for the purpose of computation of escalation/ de-escalation on the price quoted & finally agreed. Since the price of diesel changes on daily basis at Udaipur the diesel rate prevailing on the 15th of every month shall be considered for computation of

escalation/de-escalation. Rate certificate issued by IOCL/ or its dealer / retail outlet in the territory of Udaipur district shall be considered for this purpose.

- iii. Admissible escalation/de-escalation shall be calculated as per formula given below:-

$$ES/DES = Q \times N \times (P_1 - P_0)$$

Where –

- “ES/DES” means admissible escalation/de-escalation in rupees
- “Q” means quantity loaded & dispatched during specified period in MT
- “N” means notional consumption i.e. 0.10
- “P₁” means prevailing price of diesel in Rs. Per liter
- “P₀” means base price of diesel in Rs. Per liter

5.3.6.2 MINIMUM WAGES

- i. The contractor is required to pay at least minimum wages as declared by Central Government from time to time.
- ii. The prevailing minimum wage declared by Labour commissioner of Central Govt. Vide notification shall be taken and considered for admissible escalation/de-escalation.
- iii. The Company considered the wage component as 30% (including 10% for skilled labour category & 20% for unskilled category) of the contract rates may constitute the labour cost. The contract rates accepted by the company shall be subjected to escalation/de-escalation in accordance with variation in minimum wages notified by the Central/ State Government for Skilled and unskilled labour. Monthly rates shall be escalated/ de-escalated using the following price variation computation formula:

$$R_r = R_o \{0.70 + (0.20 \times R_{lr}/R_{lo} + 0.1 \times R_{sr}/R_{so})\}$$

Where,

R_r Revised Contract rate on per month basis.

R_o Original awarded contract rate per month

R_{lr} Revised minimum wage rate of unskilled labour per day in Rs.....

R_{lo} Original minimum wage rate of unskilled labour as on the date of issue of tender.

R_{sr} Revised minimum wage rate of Skilled labour per day in Rs.....

R_{so} Original minimum wage rate of Skilled labour as on the date of issue of tender.

Base rate as on the date of issuance of NIT is as under

R_{lo} Original rate of unskilled labour as on the date of issue of tender is

Rs. 431 per day.

R_{so} Original rate of Skilled labour as on the date of issue of tender is **Rs. 645 per day.**

For Example:

In case the awarded contract rate on per MT is Rs. 20 PMT and original rate of minimum wages is Rs. 359 per day for un-skilled labour & Rs. 536 for skilled labour.

Upon revision of minimum wages to Rs. 380 per day for un skilled labour & Rs.580 for

skilledlabour the revised PMT rate will be calculated as:

$$Rr = Ro \{0.70+ (0.20 \times Rlr/Rlo+0.1 \times Rsr/Rso)\}$$

Where,

Ro Original awarded contract rate on PMT basis Rs. 20/-

Rlr Revised minimum wage rate of unskilled labour per day is Rs. 380/-

Rlo Original minimum wage rate of unskilled labour per day is Rs. 359/-

Rsr Revised minimum wage rate of Skilled labour per day is Rs. 536/-

Rso Original minimum wage rate of Skilled labour per day is Rs. 580/-

$$Rr = 20 \{ 14+ (4 \times 380/359 + 2 \times 580/536) \}$$

$$= \{ 14 + (4 \times 1.058 + 2 \times 1.082) \}$$

$$= \{ 14 + (4.23+ 2.16) \}$$

$$= \{ 14+6.39 \}$$

$$Rr= 20.39.$$

Revised Contract rate on PMT basis shall be Rs. 20.39.

- iv. No other escalation on any other ground shall be payable to the contactor except as mentioned in the tender document.

5.3.7 TERMS OF PAYMENT

- i. The remuneration to be paid by the Company to the Contractor for the whole of the work done and for the performance of all the obligations undertaken by the Contractor under the contract documents shall be made by the application of the respective quoted & finally accepted rates for the work actually executed and approved by the Engineer-In-Charge. The sum as ascertained above shall constitute the admissible remuneration of the Contractor under the contract and no further or other payment, whatsoever, shall be or become due or payable to the Contractor under the contract.
- ii. For payment purposes the contractor shall raise the bills (in triplicate) on monthly basis to receive its remuneration from the RSMML and the bills shall be duly verified by the concerned Engineer -In-Charge.
- iii. The rates as accepted by the Company and governed as per the LOA/DLOA alone shall be considered for billing purpose. The company shall be deducting applicable taxes as prevailing, from the bills of the contractor.
- iv. The assessment of quantity for billing & payment to the contractor will be done based on the actual quantity of material dispatched through company's weighbridge and any other notified weighbridge for which separate record will be maintained at

the weighbridge. The payment will be made to the Contractor on the basis of the weight so recorded. The contractor shall submit the bills to the Engineer-In-Charge duly supported by the monthly dispatch statement issued by the In-charge of Jhamarkotra Mines weighbridge.

- v. The Contractor, on submitting the bill duly verified by the Engineer-In-Charge for the work done, is entitled to receive a monthly payment within a period of thirty (30) days after submission of the bill. This payment will be made after making necessary deductions as stipulated elsewhere in the contract. The Company shall make payment due to the Contractor by crossed Account Payee cheques. In no case will the Company be responsible if the cheque is misplaced or misappropriated by unauthorised person/s.

Mobilisation Advance: RSMML shall not pay any mobilisation advance to the contractor

5.3.8 FAILURE & COMPENSATION

- i. In case of delay in commencing the work within the stipulated period from the date of LOA/DLOA, the company shall recover a predetermined and agreed compensation @ 1% of the annual contract value on fortnightly basis from the contractor. In the event the compensation exceeds 2.0% of annual contract value, the company may withdraw the letter of acceptance & forfeit the earnest money deposit (EMD).
- ii. The contractor shall be required to load all the trucks to the extent they are made available on day-to-day basis. Contractor has to ensure adequate loading arrangement to load the trucks within the specified time i.e. from 7:00 AM to 10:00 PM or as specified from time to time in writing and contractor shall ensure that trucks entered in late evening i.e. by 7:00 PM or as extended should be loaded positively before 9:00 PM on same day. In case trucks deployed on any particular day remained idle without loading after the specified time i.e. 10:00 PM or as extended on that particular day, due to reasons attributable to contractor, then the contractor shall be liable to pay compensation equal to double of the amount of admissible remuneration for such loaded quantity.
- iii. Further, in case contractor fails to load trucks for the period exceeding one day (twenty four hours), Company at its absolute discretion will get the work done by making alternative arrangements at the cost and risk of the contractor and the full difference of cost in making such alternate arrangement shall be recovered from the contractor. In case the company decide not to make any such alternate arrangement & allow the contractor to load trucks, then compensation equal to three times of the admissible remuneration of loaded quantity shall be recovered from the contractor
- iv. In case any wrong material is loaded into the trucks and/or dispatched to customers contrary to the permission of the Engineer In Charge or his authorized representative or as directed in the delivery note then the contractor shall be liable to pay compensation equivalent to the difference of Sale value of two materials plus 50% of that amount. In addition, contractor shall have to bear all such losses, including the cost of material, freight charges and any other claim raised by the customer.

- v. The Contractor shall not engage himself/itself for other transportation/handling/loading/liaisoning works on behalf of buyers/customers or any other Rock Phosphate trading agencies. In case of any default as specified herein, the contract shall be terminated with immediate effect including forfeiture of Security Deposit and contractor shall be liable to pay compensation equal to 10% of the total contract value/amount in addition to forfeiture of SD/EMD as the case may be.
- vi. The contractor shall ensure loading of scheduled quantity per year (effective from the date of LOA), collectively of various Rock Phosphate products. The performance of the contractor shall be reviewed on yearly basis. If the loaded quantity is less than scheduled quantity and the reasons for such shortfall in quantity are attributable to contractor. If the contractor fails to load scheduled quantity, collectively of various Rock Phosphate products, within any of reviewed period of one year, the contractor shall be liable to pay compensation to the company at the rate of 10% of the remuneration payable for un-executed quantity.
- vii. The contractor shall ensure water sprinkling by minimum 10 trips of water tanker on each day on the whole route mentioned. In case of any default as specified herein, the contractor shall be liable to pay compensation to the company at the rate of Rs.500/- for each default trip of water tanker used for water sprinkling from its running bills or from the security deposit or set off against any other dues of the contractor at the discretion of the RSMML.
- viii. The compensation as above is a genuine pre-estimate of the loss/damage which shall be suffered on account of delay/breach on the part of the Contractor and the said amount will be payable on demand without demur or protest and without there being any proof of the actual loss or damage caused by such delay/breach. The Compensation, if levied, shall be recovered immediately from the bills and/or Security Deposit and/or any amount due and payable to the contractor under this contract or any other contract.
- ix. The compensation so paid/and/or adjusted by the company shall not relieve the contractor from his/its obligations to complete the work under the contract or from any other obligations and liabilities under the contract.
- x. Failure of the contractor to work as per scheduled targets will also entitle the Company to get the work done by making alternative arrangements at the risk & cost and expense of the contractor and to recover from difference of cost in making restoration of working up to the quantity of work allotted to the another agency. In addition to it, in such event, the company shall also entitle to forfeit the whole or such portion of the security deposit as it may consider fit.
- xi. The contractor shall be liable to pay to the RSMML all costs, damage, charges, losses, etc., suffered or incurred or occasioned or sustained by the RSMML or by any other third party due to the negligent act or omission or un-workmen like performance of the contractor or its workmen or due to the breach of any of the terms of the contract or failure to carry out the work in accordance with contract by the contractor or its workmen. The decision of the RSMML in this respect shall be final and binding on the contractor. The recovery for any amount under this clause may be effected by the RSMML either from the running bills or from the security

deposit or set off against any other dues of the contractor at the discretion of the RSMML.

- xii. The contractor shall make such satisfaction and pay compensation as may be assessed by a lawful authority in accordance with the law enforced on the subject for all damages, injury or disturbances which may be done by the contractor and shall indemnify and keep indemnified fully and completely, the RSMML against all claims which may be made by any person or persons in respect of any such damages, injury or disturbances and all cost and expenses in connection therewith.
- xiii. Any amount due and payable to the contractor, including security deposit refundable to them under the contract, may be appropriated and set off by the RSMML against any claim or dues of the RSMML arisen or arising out of this contract or any other contract against the contractor.

5.3.9 CLOSING OF THE CONTRACT

Within (60+10=70 days) of the completion of the work in all respects, as defined in the contract document, the Contractor shall be required to obtain from the Engineer-In-charge completion certificates as to the completion of work and clearing of the areas where he has worked if necessary.

5.3.10 APPLICATION FOR COMPLETION CERTIFICATE:

- i.) When the Contractor fulfils all his/its obligations under the contract to the satisfaction of Engineer-In-Charge and subject to terms & conditions of the contract, he/it shall be eligible to apply for completion certificate. The application along with following documents and any other document/information etc. as required by the Engineer-in-Charge for his satisfaction, are required to be submitted to the Engineer-In-Charge
 - a) Month-wise details of work executed by the contractor,
 - b) A certificate to the effect that no outstanding claims/payments are due to the persons employed by the Contractor or his Subcontractor,
 - c) Details of PF deposited by the contractor,
 - d) Notarized No claim certificate on Rs. 100/- Non Judicial stamp paper by the contractor, in favour of company that No claim has been due of whatsoever nature or description towards the company and he will not claim any dues after the closure of the contract,
 - e) Indemnification Bond on Rs. 100/- Non Judicial stamp paper duly notarized.

On receipt of this last & final bill, the Company shall verify the same, determining the total value of the work done of the contract and after deducing all the sums already paid to him/it and/due to the company on any account and such further sums as the Company is already authorised or required to reserve or retain on the terms of the contract or otherwise, make over to the contract as his final payment subject to the Contractor furnishing a certificate to the effect that he has no further claim of whatsoever nature or description on the Company.

- ii.) The Engineer-In-Charge shall formally issue completion certificate within **60 days** on receiving application from the Contractor, after verifying from the completion documents including weighment record etc and satisfying himself that the work has been completed in accordance with all the provisions of this contract and instructions issued to the Contractor by the Company.
- iii.) The contractor, after obtaining the completion certificate, is eligible to present the final bill for the works executed by him/it under the contract. The final bill shall be submitted by the Contractor within **15 days** from the date of issue of completion certificate, otherwise the Engineer-In-Charge's certificate of the weighment and of total amount payable for the work accordingly shall be final and binding on the contractor.

5.3.11 FINAL CERTIFICATE:

Upon expiry of the period of liability and subject to the Engineer-in-charge being satisfied with the work or works having been duly performed by the Contractor and the Contractor having fulfilled all his obligations under the contract, the Group General Manager (SBU Head) shall give a certificate hereinafter referred to as the '**Final Certificate**' and the contractor shall not be considered to have fulfilled all of his/its obligations under the contract until Final Certificate shall have been given by the Group General Manager.

Additional Conditions of Contract

1. Correction of arithmetical errors

Provided that a Financial Bid is substantially responsive, the Procuring Entity will correct arithmetical errors during evaluation of Financial Bids on the following basis:

- i. if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Procuring Entity there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected.
- ii. if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- iii. if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (i) and (ii) above.

If the Bidder that submitted the lowest evaluated Bid does not accept the correction of errors, its Bid shall be disqualified and its Bid Security shall be forfeited or its Bid Securing Declaration shall be executed.

2. Procuring Entity's Right to Vary Quantities

- (i) At the time of award of contract, the quantity of Goods, works or services originally specified in the Bidding Document may be increased or decreased by a specified percentage, but such increase or decrease shall not exceed twenty percent, of the quantity specified in the Bidding Document. It shall be without any change in the unit prices or other terms and conditions of the Bid and the conditions of contract.
- (ii) If the Procuring Entity does not procure any subject matter of procurement or procures less than the quantity specified in the Bidding Document due to change in circumstances, the Bidder shall not be entitled for any claim or compensation except otherwise provided in the Conditions of Contract.
- (iii) In case of procurement of Goods or services, additional quantity may be procured by placing a repeat order on the rates and conditions of the original order. However, the additional quantity shall not be more than 50% of the value of Goods of the original contract and shall be within one month from the date of expiry of last supply. If the Supplier fails to do so, the Procuring Entity shall be free to arrange for the balance supply by limited Bidding or otherwise and the extra cost incurred shall be recovered from the supplier.
