### Circular

It has been observed that in several cases, the employee details available in the EPFO records—such as Name, Date of Birth, Date of Joining, Father's Name, etc. do not match with the details in the Company records.

Due to these discrepancies, processing and timely disbursement of EPFO Pension (PPO) is getting delayed. In order to ensure smooth and timely issuance of PPO, all concerned employees are hereby advised to:

- Log in to their EPFO Member Portal.
- Verify all personal and service-related details available therein.
- Identify discrepancy, if any.
- Submit the required online correction request through the EPFO portal, along with supporting documents.

A list containing details of members available at EPFO portal is also attached for the reference.

The submitted requests shall be examined and approved by the RSMML PF Trust on behalf of company and the same shall be forwarded to EPFO.

Employees are advised to complete the above exercise on priority, failing which delays in pension settlement may occur.
