Subject: Invitation for submission of offer rate for the work of "**modification of the approved Mining Plan including PMCP under MCR-2016 and MCDR-2021 and its guidelines**".

Dear Sir,

We are the state enterprise engaged in mining and marketing of different minerals in the state Rajasthan. The Company is involved in the mining, beneficiation, processing and marketing of various minerals like Phosphate, Limestone, Gypsum, Selenite and Lignite etc. It is operating its two SMS grade limestone mining near village Sanu in Jaisalmer and having its Railway siding at Sanu village for dispatches of limestone to customers by rail.

We intend to undertake a modification of the approved Mining Plan including PMCP to incorporate as per MOEFCC requirement.

We are seeking proposals from experienced and qualified agencies/consultants, recognized as a "Qualified Person" (QP) as per MCR-2016, to prepare, submit, and obtain approval for the proposed modification from the Indian Bureau of Mines (IBM).

Sealed offers are invited for the following works from competent & experienced Individual/Firm/Company. The brief is detailed hereunder-

The Khuiyala-1 SMS Garde Limestone Block (944.00 ha) in tehsil Ramgarh district Jaisalmer is reserved under sec 17(A)(2) by the central government and accordingly the LOI for grant of ML was issued on 09.01.2022, on our application with AME, DMG, Jaisalmer. RSMML is having valid LOI with them for the area.

The mine plan with PMCP under MCR-2016 and MCDR-2017 was prepared through RQP for the area and got approved from IBM in year 2021-22 for submission to state mines département under LOI condition. Based on this, the TOR from MOEFCC was granted and thereafter the application for grant of EC for the area was submitted with MOEFCC. The project was heard by EAC(NCM) in MOEFCC. After hearing of the project, they observed that the part area is falling under the Priority Zone of GIB, wherein first five-year planning and crusher location is taken under mine planning. The EAC desired that RSMML needs to submit the revised mining plan approved by Indian Bureau of Mines. RSMML shall not undertake any mining within the GIB priority area present within the Khuiyala-I ML area till the proper reclamation with re-grassing by local species in mined out area is successfully substantiated by monitoring team of MOEFCC/State Forest department.

1.0 LOCATION AND ACCESSIBILITY OF SITE: Khuiyala-1 Block (area 944 hect) in tehsil Ramgarh district Jaisalmer is located near village Khuiyala at around 70 Km from Jaisalmer district HQ around 20 KM from Jaisalmer -Ramgarh NHAI-68 meeting at village Sanu connecting with tar road. One NH 70 is also passing through block area connecting Ramgarh.
