The authorised signatory of the tenderer should put his signature along with its stamp on each page of the Techno-commercial bid and should also record the date.

3.37 PART-II Price Bid' (BOQ)

- (a) The 'Price Bid' shall be submitted online through <https://eproc.rajasthan.gov.in> in the prescribed format. The tenderer is to quote the rate in the prescribed form BOQ online only otherwise the bid will be rejected.
- (b) The Price Bid Form will be in spreadsheet format. The original Price Bid Form should be downloaded, filled and signed using the DSC before uploading. The Price Bid Form should not be changed or altered or tampered. If the Bid form is tampered, the Bids will be summarily rejected. The Price Bid Form should not contain any conditional offers or variation clauses; otherwise the Bids will be summarily rejected. The Prices quoted shall be in Indian Rs only. The tender is liable for rejection if Price Bid contains conditional offers
- (c) While quoting the price under this part, the tenderer is deemed to have confirmed that the prices quoted are for the total scope of work as described in the tender document and required to be executed as per site requirement and for successful execution of contract in totality.
- (d) The contract rates shall be on 'firm price' basis during pendency of the contract and the Contractor shall not be eligible for any escalation.
- (e) The rates quoted will be inclusive of all taxes, duties and levies as applicable on this contract (up to the last date of submission of bids) but exclusive of GST.

DEADLINE FOR SUBMISSION OF BIDS

- 3.38 The Company may extend the deadline for submission/uploading of Bids by issuing an amendment, in which case all rights and obligations of the Company and of the Tenderers, which were previously subjected to the original deadline, will then be subjected to the new deadline.

OPENING OF THE TENDER

- 3.39 The Techno-Commercial Bid of the offer will be opened as per NIT. If the date fixed for opening of tenders happens to be a holiday for any reason, the tenders will be opened on the next working day at the same time.

EXCEPTIONS AND DEVIATION

- 3.40 Tenderers are advised to submit quotations based on the terms and conditions and specifications contained in the tender document and not to stipulate any deviations. Bids containing stipulations of deviation to the terms and conditions are liable to be ignored. In case it is absolutely unavoidable to deviate from tender conditions then the tenderers should mention the deviations at their risk of rejection only in Form-E. Deviations mentioned anywhere else in the bid shall be ignored without any consequences.

- 3.41 The Company reserves the right to summarily reject such conditional bids or evaluate such bids, after loading financial implications (i.e. by adding the cost of

such deviations as determined by the company) due to these exception /deviation, at its sole discretion. If the bidder has taken the deviations of the nature for which financial loading is not possible/difficult then RSMML may reject the offer at its sole discretion.

BID SECURITY DEPOSIT

- 3.42 The tender must pay Bid Security as detailed out in NIT in the form of crossed demand draft(Validity of three months) in favour of the Company and drawn on any Nationalized /Scheduled bank at Udaipur and attach the same in original with the technical bid of the tenderer, failing which the bid is liable to be rejected. No interest shall be paid by the company on the earnest money so deposited by the tenderer. The earnest money of the tenders whose bid is not found to be acceptable on the basis of pre-qualifying criteria and/or on evaluation of their techno-commercial bids (or disqualified bidder) will be refunded at the earliest. The earnest money of the tenderer who are technically successful but not awarded the work shall be refunded after the acceptance of LOA/DLOA to the successful tenderer. The earnest money deposited by the successful tenderer will be refunded after acceptance of SD, if it is in the form of Bank Guarantee. If Bid security deposit is in the form of cash, then it will be appropriated towards a part of the Security deposit, but shall stand forfeited if the tenderer fails to furnish security deposit as per clause.

The earnest money of a tenderer shall be forfeited in the following cases: -

- i. If the tenderer withdraws or modifies the offer after submission of the tender.
- ii. If the tenderer does not submit the prescribed Bank Guarantee or Demand Draft as security deposit within 21 days of the date of work order/LOA issued in favour of tenderer.
- iii. If the tenderer does not execute the agreement, in the prescribed form within one month of the date of work order/LOA issued in favour of tenderer.
- iv. If it is established that the tenderer has submitted any wrong information/ forged documents/non commencement along with the tender or thereafter.

VALIDITY

- 3.43 Tender submitted by tenderer shall remain valid for acceptance for a period of 120 days, from the date of opening of tender (Part I of the offer). An offer with a validity period of less than 120 days is liable to be rejected. The tenderer on its own shall not during the said period of 120 days or in agreed extended period cancel and/or withdraw his tender nor shall he make any variation therein. In case of tenderer revoking, cancelling, modifying and/or withdrawing his bid during the validity of bid, the Bid security furnish by him along with tender shall stand forfeited and tender will not be considered for further evaluation.
- 3.44 In exceptional circumstances, prior to expiry of the original time limit, the Company may request the tenderer to extend period of validity for a specified additional period. The request and the tenderer's responses shall be made in writing. A tenderer if agreeing to the request will not be required or permitted to modify his bid.

EXAMINATION OF BIDS AND DETERMINATION OF RESPONSIVENESS

- 3.45 Prior to the detailed evaluation of Bids, the Company will determine whether each Bid:
- i) has been properly signed;
 - ii) is accompanied by the required securities; and
 - iii) is substantially responsive to the requirements of the Bidding documents.
- 3.46 A substantially responsive Bid is one which conforms to all the terms, conditions of the Bidding documents without material deviation or reservations. A material deviation or reservation is one:
- i) which affects in any substantial way the scope, quality, or performance of the work; and/or
 - ii) which limits in any substantial way the Company's right or the Bidder's obligation under the contract; and/or inconsistent with the Bidding documents.
 - iii) whose rectification/acceptance would affect unfairly the competitive position of the other Bidders presenting substantially responsive Bids.

OPENING OF THE TENDER

- 3.47 The Techno-Commercial part of the offer will be opened in the office of the Group General Manager (Projects), Corporate Office, 4 Meera Marg, RSMML, Udaipur - 313004, Rajasthan.
- 3.48 If the date fixed for opening of tenders happens to be a holiday for any reason, the tenders will be opened on the next working day on same time.

EVALUATION OF TECHNO-COMMERCIAL BID

- 3.49 The techno-commercial bids of substantially responsive tenderers will be evaluated from all aspects. The RSMML reserves the right to assess the capability and competency of the tenderer based upon the information provided by the tenderer in the techno-commercial bid and the information that may otherwise be available to and/or gathered by the RSMML. The decision of the RSMML as to which tenderer is capable & competent to carry out the work shall be final. The tenderer should, therefore, see that he has required level of technical, financial & managerial competence & experience before submitting the tender.
- 3.50 The tenderer shall be prepared to furnish clarification/information and attend meetings/discussions as required by the company from time to time.

CORRECTION OF ERRORS

- 3.51 Price Bid (Part – II) subsequent to its opening will be checked by the Company for any arithmetical errors. Errors will be corrected by the Company as follows:
- a) where there is discrepancy between the amounts in figures and in words, the lower of the two would be taken ; and
 - b) where there is a discrepancy between the unit rate and the line item total resulting from multiplying the unit rate by the quantity, the unit rate as quoted will govern; and
 - c) Discrepancy in totalling or carry forward in the amount quoted by the contractor shall be corrected. The tendered sum so corrected and altered

shall be substituted for the sum originally tendered and will be considered for acceptance instead of original sum quoted by the tenderer.

- 3.52 The amount stated in the Bid will be adjusted by the Company in accordance with the above procedure for the correction of errors and, shall be considered as binding upon the Bidder.

DETERMINATION OF THE LOWEST BIDDER

- 3.53 The Part II of bid i.e. Price Bid of the short-listed bidders shall be evaluated for deciding the lowest tenderer as per the procedure prescribed in clause 5.3.2 of the tender document.

NEGOTIATION

- 3.54 Negotiations will be conducted with the lowest tenderer only. In case of non-satisfactory achievement of rates from lowest tenderer, RSMML may choose to make a written counter offer to the lowest tenderer and if this is not accepted, RSMML may decide to reject and re-invite fresh tenders or to make the same counter-offer first to the second lowest tenderer, then to the third lowest tenderer and so on in the order of initial bidding, and work order be awarded to the tenderer who accepts the counter offer.
- 3.55 In the case, when the offer given by the tenderer during negotiations is higher than the original offer of the tenderer then the tenderer will be bound by the lower rate originally quoted by the tenderer.
- 3.56 In case of negotiations, representative of the tenderer attending negotiations must possess written authority from the tenderer to the effect that he is competent to modify/amend the submitted tender deviations and rates offered by them.

PROCESS TO BE CONFIDENTIAL

- 3.57 Information, relating to the examination, clarification, evaluation and comparison of Bids and recommendations for the award of a contract shall not be disclosed (subject to provisions of right to information act, 2005) to the bidders or any other person. Any effort by a Bidder to influence the Company's processing of Bids or award decision may result in rejection of his bid.
- 3.58 The tenderer may note that indulgence in submitting unsolicited offers or submitting unsolicited correspondence after submission of bid is liable to debar him from participating in RSMML tenders.

NOTIFICATION OF AWARD AND SIGNING OF AGREEMENT

- 3.59 The tenderer, whose Bid has been accepted, will be notified of the award by the Company, through postal communication or through facsimile confirmed by registered letter/speed post. This letter (hereinafter and in Conditions of Contract called the "Letter of Acceptance/ Detailed Letter of Acceptance") will state the sum unit / Rate that the Company will pay to the Contractor in consideration of the execution and completion of the work awarded as prescribed in the Contract.
- 3.60 The notification of award will constitute the formation of Contract. The execution of agreement as per clauses, below would be the formalization of agreement that was commenced with the issuance of LOA/DLOA.

5.3.2 The price comparison criteria for determination of L-1 bidder for comprehensive Operation & Maintenance (O&M) of the wind power project situated in State of Rajasthan is given below:

S. No.	Description	Unit rate(rate /Kwh) (Rs.)
1.	The unit rate (rate/Kwh) for 1st Year for comprehensive Operation & Maintenance (O&M) of the Phase II (4.9 MW) wind power project situated in Barabagh, Jaisalmer in the State of Rajasthan.	

Note:

1. L1 bidder shall be determined on the unit rate(rate/Kwh) as per 5.3.2. The bidder is required to furnish unit rate(rate/Kwh) for 1st year only. The rate for subsequent years will be determined after considering 5% yearly escalation on cumulative basis.
2. The estimated generation of 53 Lacs Kwh per annum for 14 Nos WEGs is indicative only.

5.4 Responsibility of the contractor

5.4.1 All expenses towards mobilization at site and demobilization including bringing in equipment, work force, materials, dismantling the equipment, clearing the site after completion of work and liaisoning with the Discoms, local authorities and with concerned departments etc. shall be deemed to be included in the prices quoted and no separate payments on account of such expenses shall be entertained.

5.4.2 Contractor may have to work in energized or partly energized conditions. 5.11.2 Maintain up-to-date operating logs, records and Monthly reports regarding the operation and maintenance of the Plant which shall include detail of power output, other operating data, repairs performed and status of equipment. All such records to be maintained till completion of contract. Upon expiry of term, the contractor shall hand over such

records to the owner. However, Owner shall have access to all such records at any time.

- 5.11.3 Regularly update and implement an equipment repair or replacement/overhaul and preventive maintenance program that meet the specifications of the equipment manufacturers and the recommendations of the manufacturers.
- 5.11.4 Perform the services required to provide all spare parts, or equipment/s as required. Tools and equipment, required to operate and maintain the Plant in accordance with the recommendations of individual original equipment manufacturer. Spares shall be replaced by contactor immediately for which necessary inventory of spares & consumables shall be maintained by the contactor at site. The genuine spare parts shall be used for the maintenance. The contactor will take all necessary steps to ensure that the machinery break down is restored at the earliest possible so that revenue losses may be minimized.
- 5.11.5 The Contactor will supply consumable for all equipments as damaged due to normal wear and tear, System break down.
- 5.11.6 It is the responsibility of the O&M contractor to maintain required power factor to reduce VAR drawl in these system. If RVPN/ Discom penalize RSMML for lower power factor /VAR drawl from the grid, penalty at actual amount shall be deducted from the O&M contractor bills
- 5.11.7 Preventive maintenance of all equipments shall be carried out at regular period as per Maintenance manual from OEM. Quarterly, half yearly and yearly maintenance schedule has to be prepared and followed.
- 5.11.8 Records of preventive maintenance carried out, consumable and spares consumed shall be kept.
- 5.11.9 All preventive and annual maintenance shall be carried out preferably before monsoon during low wind speed season but contractor shall inform to the owner for major preventive and annual maintenance in order to club with EB planned shutdown schedule if found practical.
- 5.11.10 All major breakdown maintenance, overhauling of equipments /items shall be completed with all required material/ spares etc by the contractor at his own cost including requirement of cranes etc.
- 5.11.11 Contactor will Co-ordinate with RVPN/ Discom for line clearance, grid failure, grid failure hour data, and monthly joint reading. He will follow up with Discom/RVPNL for grid failure and to get restore the grid as early as possible and put back all WTGs in operation immediately resumption of power.
- 5.11.12 Operate and maintain Plant fire protection and safety equipment.
- 5.11.13 Maintain accounting records regarding the facility in accordance with the generally acceptable accounting principles under the Laws of India.
- 5.11.14 Any damage or defect that may arise after or remain undiscovered at the time of start of work, same shall be rectified or replaced by the contractor at his own expenses as deemed necessary.
- 5.11.15 Daily Generation report: During the O&M period, the contractor shall keep the measured daily data at one hour or lesser interval and energy exported to the grid and provide the same to RSMML in electronic form.

These data shall be transferred to RSMML Corporate office, Udaipur in a suitable form on weekly basis. The right of use of the data shall remain with RSMML. To take reading of all power generation data, grid data, wind data, “on” hour data, grid failure data etc, every twenty-four hours and shall be logged and signed by supervisor.

- 5.11.16 Maintenance of approach road and other feeder roads.

5.16 Minimum Machine Availability Guarantee:

- I. Contractor to ensure minimum 95% machine availability for the **total** wind farm on annual basis throughout the operation & maintenance contract period.
- II. For operation & maintenance of WEGs, 95% machine availability shall be reckoned as the annual average machine availability of entire wind farm of rated capacity 4.9 MW.
- III. "Machine availability" shall mean the ratio of actual number of annual hours for which the WEGs are in a state of complete readiness to generate power subject to the grid availability and all other parameters referred hereunder to the total number of hours available annually (i.e. 8760 Hours).
- IV. Machine availability shall be calculated as follows:
$$\% \text{ Machine availability} = \frac{\text{No of Machines} \times \text{Recorded hours} \times 100}{\text{No of Machines} \times (8760 - (\text{GF} + \text{FM}))}$$
Where recorded hours = 8760-(GF+FM+S).

8760=Number of total hours for a machine in an year (i.e. 24X365 days)

GF= External Grid failure Hours (Grid failure beyond DISCOM metering point)

FM= Force Majeure Hours.

S=Scheduled Maintenance hours for a machine.

Machine availability shall be considered as 95% on annual basis from the date of issuance of DLOA/ allowable restoration period respectively. Any penalty regarding lower availability of machine shall be governed accordingly on annual basis.

5.17 Compensation for decrease in machine availability.

- 5.17.1 Contractor shall provide compensation linked to machine availability, for an amount equal to @ 2% of annual O&M charges for every 1% or part thereof decrease (fall) in annual average machine availability of the total wind farm subject to total liability on account of non availability of machine limited to 100% of the annual O&M charges. Applicable GST on compensation shall also be recovered from the contractor. The Compensation shall be recovered from the due O&M payments and / or from the available security deposit as case maybe.

-

5.19 Penalties from DISCOM:

- 5.19.1 If any penalty/levy becomes payable to the State Electricity Authorities (like RVPN/ Discoms etc.) on account of low power factor or reactive power drawl or any such requirement of RVPNL/Discom etc from the Wind Plant , the same has to be borne by the contractor only.

5.20 PAYMENTS

- 5.20.1 The contractor shall get the agreed remuneration for O&M of installed wind Power Plant as mentioned in LOA/DLOA. The O&M charges will be paid on actual net export generation figures recorded at 33 KV metering point. The rate shall be firm, fixed (as quoted for first year) & determined for subsequent years on cumulative basis. The O&M prices are inclusive of all taxes and duties as applicable on this contract (up to the last date of submission of bids) but excluding GST. But any increase in taxes, levies / fees or newly imposed taxes, etc. as are directly applicable on the project, would be claimable against submission of documentary proof by contractor. Similarly, due credit would be given to RSMML in case of withdrawal or reduction in applicable taxes / fees / duties.
- 5.20.2 The payment will be made after making all statutory deductions as applicable to such type of contracts. The rate quoted shall be deemed to be inclusive of all salaries and other cost, expenses of employees, cost of spares and consumables, cost of repair / replacement / modification of any equipment or system for the entire contract period and all other works mentioned in scope of work. The rates are also inclusive of tools & tackles, etc, and liabilities of every description and all risk of every kind to be taken in operation, maintenance and handing over the plant to the owner by the contractor. Owner shall not be responsible for any such liability on the contractor in respect of this contract and exclusion of applicable taxes on the date of issue of LOA at prescribed rates due to ignorance or otherwise shall not form a reason for claiming anything extra at a later date. If any amount is payable to/ levied by RVPNL / DISCOM, etc, on account of low power factor or any other account of wind Plant, the same shall be deducted from the contractor's remuneration or from other due payments.

- 5.20.3 All fee / charges payable to any statutory/ inspecting authority on account of inspection, operation & maintenance of wind Power Plant shall be borne by the owner subject to furnishing of documentary evidence by the contractor during the entire period of O&M contract.
- 5.20.4 The payment will be made on quarterly basis. The Owner will be billed by the Contractor promptly following the end of quarter for power exported during such quarter, and payment will be released within 30-days from the date of the receipt of the invoice along with certified joint meter reading duly signed by RVPN/Discom and Contractor.
- 5.20.5 No interest shall be paid on any account. The contractor shall not claim any idle business loss etc in any case.
- 5.20.6 In case of non completion of works as per the contract by the contractor, the payable O&M amount may be retained till completion of the works by the contractor.

5.21 HANDING-OVER/WORK COMPLETION CERTIFICATE

- 5.21.1 On completion of O&M term, the contractor will apply to Engineer Incharge for issue of handing over and/or work completion certificate and the same will be issued within two months of handing over in all respects after verifying from the document and satisfying that O&M has been completed in accordance with details set in tender document and prudent utility practices. The wind farm all WEGs & associated equipments / items shall be handed over by the contractor to the owner in working /running condition. While handing over the plant contractor shall hand over all technical documents, literature, and instruction manuals, lists of spare part & tools & tackles. Contractor will also hand over all the relevant record/documents
- 5.21.2 All the aforesaid safeguards /rights provided for the company shall not prejudice its other rights/remedies elsewhere provided herein and/or under law.

5.22 Final Payment

- 5.22.1 Whenever, in the opinion of the Engineer-in-charge the Contractor has completely performed the contract on his part, the Engineer in-charge will so certify in writing to the Contractor.
- 5.22.2 The final payment to the Contractor shall be made after accounting for all the previous payments/advances/adjustments of dues, provided always that Contractor furnishes a "NO claim - No dues certificate" and indemnification bond. The release of final payments does not relieve the Contractor from his any other obligations as provided for in the contract.
- 5.22.3 The company shall be deducting statutory taxes at source as per prevailing rates from bills of the Contractors.

Additional Conditions of Contract

1. Correction of arithmetical errors

Provided that a Financial Bid is substantially responsive, the Procuring Entity will correct arithmetical errors during evaluation of Financial Bids on the following basis:

- i. if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Procuring Entity there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected.
- ii. if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- iii. if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (i) and (ii) above.

If the Bidder that submitted the lowest evaluated Bid does not accept the correction of errors, its Bid shall be disqualified and its Bid Security shall be forfeited.

2. Procuring Entity's Right to Vary Quantities

- (i) At the time of award of contract, the quantity of Goods, works or services originally specified in the Bidding Document may be increased or decreased by a specified percentage, but such increase or decrease shall not exceed twenty percent, of the quantity specified in the Bidding Document. It shall be without any change in the unit prices or other terms and conditions of the Bid and the conditions of contract.
- (ii) If the Procuring Entity does not procure any subject matter of procurement or procures less than the quantity specified in the Bidding Document due to change in circumstances, the Bidder shall not be entitled for any claim or compensation except otherwise provided in the Conditions of Contract.
- (iii) In case of procurement of Goods or services, additional quantity may be procured by placing a repeat order on the rates and conditions of the original order. However, the additional quantity shall not be more than 50% of the value of Goods of the original contract and shall be within one month from the date of expiry of last supply. If the Supplier fails to do so, the Procuring Entity shall be free to arrange for the balance supply by limited Bidding or otherwise and the extra cost incurred shall be recovered from the supplier.
